Progress.

Referring briefly to the commercial and industrial progress of Xenia and to Xenia's part in the great war, and congratulating the Chamber of Commerce upon its bringing the women into civic affairs as well as touching in a congratulatory manner upon the results of the school bond issue, Russell F. Greiner, noted Rotarian and distinguished former citizen of Xenia spoke to over a hundred people who gathered to hear him at the Chamber of Commerce April banquet Wednesday night.

"I am happy to see the progressive element succeed in passing the school bond issue," said Mr. Greiner. "Nothing will give greater benefit than this."

"Cities are working along wrong lines when they make a fight to get industries," continued Mr. Greiner. "Make this town what it ought to be and the factories will soon come. An organization of this kind can accomplish anything."

Best City Government
"I would like to see you have the best city government, the best city streets and utilities and the best schools. I would also like to see you have good housing conditions, for people cannot be well and happy without this necessity. I would like to see you have good mercantile establishments, for that is a feature that helps bring people to your town. I would like to see good industries, good churches and to see your recreational facilities the best. I know they were very lame in my boyhood days. You have to have these things to keep the young men here and interested."

YOUTH CONFESSES
TO MURDER OF GIRL
FOLLOWING GRILLING

Pontiac, Mich., April 29.—Anson Best, the 22 year old Flint, Mich., youth who on Wednesday confessed that he murdered Vera Schneider, 19 year old telephone operator "because she wanted him to" early today admitted that he had slain her while attacking her, and that she had "died fighting."

This new confession was obtained from Best after ceaseless grilling by the authorities here, they declared, and while the court house jail, where he is confined, was heavily guarded to prevent a possible attempt at lynching.

The bloodstains discovered on handkerchiefs found knotted about the girl's neck led to Best; making a full confession of the crime, it was announced. Confronted with this evidence, Best declared according to a disclosure of his statements by the authorities, that he first struck the girl over her right temple and then choked her until blood came. This he wiped away with the handkerchiefs, later knotting these in such fashion as to conceal the stains.

The remainder of the confession made by Best, in which he told of going with the girl to the unfinished house where the crime was committed, is not seriously questioned by the police and prosecutor's office here.

Soviet Russia Faces War
On Eve of Peace
Return.

BOLSHEVIKI DEFEATED

Poles Cut Deeply Into Red
Line Threatening
Lenine Regime.

London, April 29.—With "practical peace" with the allies almost within grasp, a new menace has arisen to confront soviet Russia and keep her armies busy in many parts of the old empire. A renewal of the war wrangles which has kept Russia in a ferment for the last year either is in progress or is threatened from several sources.

An Exchange Telegraph dispatch from Vienna today stated that the Poles have met and defeated 36 Bolshevik divisions in the course of their advance. Many prisoners and much booty have been captured.

Official advices to the foreign office announced that Polish cavalry units are driving hard toward Kiev.

Continuing their great offensive began Sunday, the Poles have bitten deeply into red lines and today dispatched declared them to have captured Overstab, 32 miles northeast of Jitomir, which the Poles occupied yesterday. Kirsten and smaller towns also were occupied by the Poles in the course of the advance. Simultaneously with the Polish drive the Ukrainians are rising and threatening to divert the forces of Lenin and Trotsky from the more serious menace of the Polish offensive.

"Whites" Reorganize.
It was also learned authoritatively that the "whites" of Petrograd and the Baltic district are attempting to reorganize.

In western Siberia a new menace has arisen in the shape of the "White Tsarist" who are proving exceedingly troublesome for the Moscow government.

In eastern Siberia, the Japanese have landed additional marines. American locomotives made the launching of the offensive possible it was learned today at the Polish legion here. The Poles have recently received a number of modern railroad engines, of which both Poland and Russia are badly in need.

Lenine recently announced that he would "dictate a red peace on the ruins of Warsaw," according to legion officials. The Poles are convinced that his proffers of peace were designed merely as a check to the offensive.

The object of the offensive, it was said at the legion, is to free Ukraine from red domination and to forestall Lenine's attempt to crush Poland.

CABINET MEETING
CALLED TO MEET
STRIKE CONDITION

Paris, April 29.—A meeting of the cabinet was called today to consider the serious situation arising from the threatened general strike. Measures to meet an emergency were discussed.

M. Lefraquer, the minister of public works, issued an appeal to the railway workers today to stand by their posts.

Premier Millerand will confer with labor leaders late today in an endeavor to find a solution for the situation which is admittedly serious.

The general federation of labor resumed its secret sessions while the cabinet was meeting. The session was given to debating the proposition of ordering a general strike of dock workers, metal workers, miners and all public service employees to back up the railway men's demands for the nationalization of all the railroads.

U. S. CRUISER NOW
IN TAMPICO FOR
PROTECTION OF LAND

Washington, April 29.—The United States cruiser Sacramento has reached Tampico and is prepared to offer protection to Americans there in the event of the revolution endangering them, according to information to the state department today, through official channels.

It has been reported in Alvarado, south of Vera Cruz where federal troops and rebels are understood to be fighting and much banditry is being reported in the vicinity of Vera Cruz. Bandits are also reported active near Cuadecajara, having attacked the power plant there. Railroad and telegraph communication between Juarez and Chihuahua City has been cut off. Trains leaving Juarez have had to return because the line has been held by rebels. Six hundred federal troops have arrived at Vera Cruz.

SHORT OF LAST YEAR

An Increase of 50,000,000
Bushels of Wheat
This Year.

Washington, April 29.—The high cost of living, hiding behind the wall of supply and demand may withstand attacks for some time yet according to official statistics.

Reports today by experts working under H. L. Livingston, chief of the bureau of markets, show that two of three food staples, breadstuffs, meat and potatoes, are short of last year's supply, but with higher prices for all three. The decrease is in meat and potatoes.

There is an increase of about 50,000,000 bushels of wheat this year and when the July harvest is in there may be a carry over from last season of 150,000,000 bushels, the bureau of markets statistics show. The flour production to April 1 is 109,142,000 barrels, against 96,000,000 last year.

Not only meat production but meat supplies are short, according to bureau of markets experts. While the 1919 supply of livestock was a record, experts said a livestock run of this size "never before yielded as little beef." Instead of being an indication plenty it was pointed out that draught conditions forced heavy shipments, resulting in depletion of herds.

U. S. TROOPS MARCH
PARALLEL TO MOVES
OF MEXICAN FORCES

San Antonio, Tex., April 29.—United States troops will march parallel to the movement of other Mexican federals or revolutionary troops near the border, General Joseph T. Dickman, southern department commander, said today.

All Mexican troop movements are being closely watched. General Dickman said, however, there was no immediate danger from the revolution to property or lives on this side of the border.

Thirty thousand American troops, he declared, are stationed along the international line prepared for any crisis.

Neither the seventh nor eighth cavalry, stationed at El Paso, will be ordered into Mexico, he said.

San Antonio, April 29.—Six armored tanks, carrying machine guns were ordered sent today from El Paso to Columbus, N. M., and Nogales, Ariz., by Major General Joseph T. Dickman, commander of the southern department.

Each of these towns, which are on the border between the United States and Sonora, will get three tanks.

Reports from revolutionary sources indicate there is a likelihood of fighting between revolutionists and federals near both Nogales and Columbus.

SALE OF MILLIONS
WORTH OF ROLLING
STOCK IS MADE

Washington, April 29.—Sale of \$12,500,000 worth of locomotives and freight cars, including consignments ordered in this country by the former czar of Russia and confiscated by the government with the downfall of the imperial Russian government, was made today by the war department. Disposal of 113 Russian type, deposed locomotives was made to Cuthbert White, Bayles and Appell, of Washington, for \$5,424,000 and averaging \$48,000 each. The department sold 7,025 gondola cars of the French type to the United States International Corporation, of New York City, at prices ranging from \$850 to \$1,350 each. Extensive alterations were made in the cars to allow their use on American railroads.

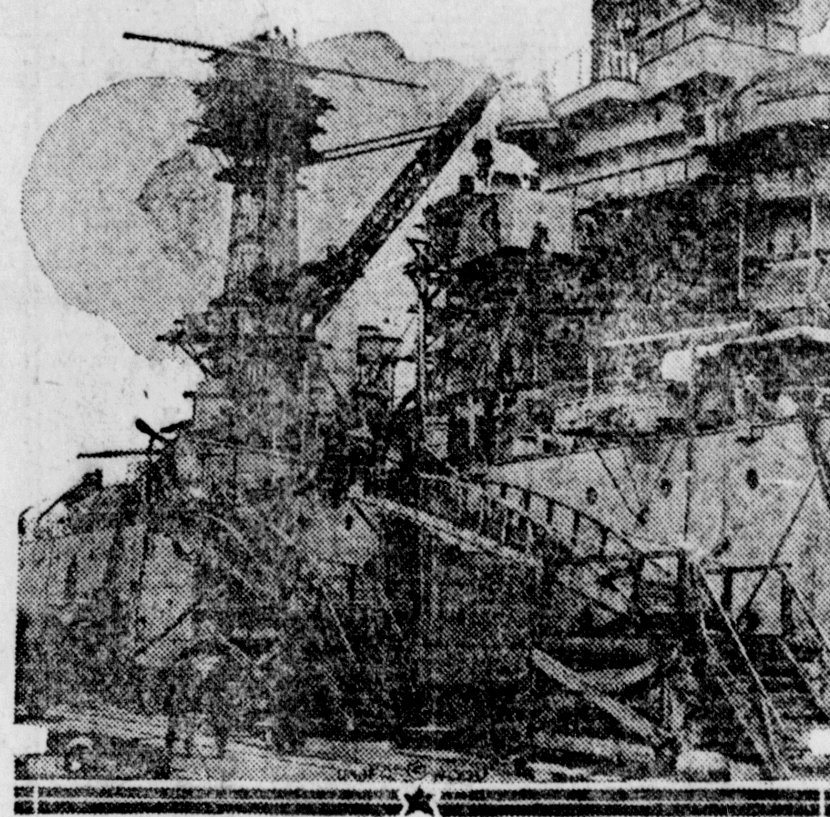

FAIL TO CONNECT
GIRL IN ROBBERY

Chicago, April 29.—Failure to connect 16-year-old Mrs. Patricia Cudie, of Columbus, Ohio, with the alleged theft of thousands of dollars worth of dry goods and expensive merchandise which were unearthed by the police here will result in her release today, the authorities say. The girl was taken into custody when her husband and two other men were arrested in connection with the robbery.

ADDS NEW MACHINERY.
The Fuller Ice Cream and Soda Water company has just installed and put into operation a new Meyer-Dunmore bottle washer, at a cost of over \$8,000, which handles the glass containers from the time they are put in until they come out clean and sanitary without human aid.

DREADNAUGHT HAS NOVEL TOP

The U. S. navy's biggest and most powerful dreadnaught, the U. S. S. Tennessee, is being rushed to completion at the Brooklyn navy yard for commission sometime in May. One new feature of the big warship is the new design of the fighting tops. They are constructed to hold the latest appliances developed during the world war. The ship has 12 fourteen-inch guns.

HARDING AND HOOVER WILL
REACH CRISIS TUESDAY

Hoover and Johnson Will Come to Grips in California
While Harding Will Grapple With Johnson
and Wood in Indiana.

Washington, April 29.—Two candidates, Herbert Hoover, and Senator Warren G. Harding, next Tuesday will reach a decisive stage in their respective campaigns for the Republican nomination at Chicago, according to non-partisan opinion here.

Hoover and Senator Hiram Johnson will fight it out in the primaries of their native state of California, while Senator Harding will come to grips on the same day with both Johnson and Major General Leonard Wood at the Indiana state convention.

As a sort of preliminary, Wood and Johnson will match their strength Monday in Maryland, on which day the state wide primaries will be held. Johnson has swept across the state in a whirlwind stumping tour and on Saturday Senator William E. Borah, of Idaho will wind up the Johnson campaign in that bailiwick by a speech at Baltimore.

The main centers of Republican interest, however, are further west.

The three cornered fight in Indiana has been and still is of the no-quarter kind and when the smoke of the state convention clears next Tuesday there may be one or two candidates missing. In Republican circles it is felt that Senator Harding's candidacy will receive its crucial test on that day and he will enter the fray somewhat handicapped by the small plurality obtained by him over the field in his own state, Ohio, as revealed by the count of yesterday.

Chief Graham Makes Arrest Following Advice from Fort Smith, Arkansas.

On charges of obtaining money under false pretenses, giving a worthless check and not paying a board bill in Fort Smith, Ark. J. E. Boswell was arrested at Goes Station, where he was employed at the Aetna Explosives Company Monday by Chief of Police Graham and Patrolman Day and returned to Fort Smith Thursday morning by Deputy Sheriff Clarence Owensby of Sebastian County, Ark.

According to the warrants produced by the Deputy Sheriff, Boswell is wanted in Fort Smith for obtaining \$4,200 under false pretenses from former State Senator Calmont, of passing a worthless check for \$900 on a Fort Smith hotel man named Manning and of owing the hotel \$129. In a conversation with Chief Graham, however, the man admitted securing almost \$6,000 from Calmont, who is

Pledges received by the New World movement for the United Presbyterian church throughout the United States, in the inter-church financial campaign which is being carried on this week had reached the sum of \$4,251,000 at 7:30 Tuesday night.

The Rev. S. R. Jamieson, D. D., of this city, secretary of the New World movement for the Second Synod of the United Presbyterian church, received a telegram from headquarters of the movement in Pittsburgh Wednesday morning, announcing that this sum had been pledged by the United Presbyterian people. The campaign will continue until the end of the week.

HOOVEN & ALLISON
INCREASE CAPITAL
TO SIX MILLIONS

The Hooven & Allison Company of this city has by a vote of the holders of more than three-fifths of the capital stock of the Company and of the holders of more than three-fifths of each class of the stock of the Company, agreed to increase the capital stock of the Company from \$1,500,000 to \$6,000,000 action being taken at a meeting of stockholders held Wednesday.

The \$6,000,000 worth of stock will be divided into 60,000 shares of \$100 each, of which 20,000 shares shall be common stock and 40,000 shares shall be first preferred stock. The increase of the capital stock of this company, plans for which were announced first sometime ago when the stockholders meeting was called for this purpose, marks the progress of this rapidly growing concern.

COMMITTEE FIGHTS
RUSSIAN TROUBLE

Berlin, April 29.—An investigating committee which has been combating the various revolutionary movements against soviet Russia has announced in Moscow that 9,641 executions have been carried out in the last two years, according to advices reaching here today. The total number of arrests is placed at 128,000.

8 DELEGATES WOOD'S

Official Count Needed To
Determine the Boyd
Daugherty Race.

Columbus, O., April 29.—Secretary of State Smith announced at noon today that returns official and unofficial, from 4,280 out of Ohio's 5,892 precincts give Harding 91,837; Wood 85,939; Johnson 9,102; Hoover 7,177 on the presidential preference vote.

Candidates for delegates at large received: Herrick 98,980; Willis 88,162; Daugherty 77,322; Galvin 89,544; Boyd 58,582; Turner 83,665.

Columbus, O., April 29.—Complete unofficial returns from 83 out of 88 counties and partial returns from the other five, show that Senator Warren G. Harding carried Tuesday's presidential preference election in Ohio by a plurality of about 17,000 over Major General Leonard Wood. The vote was:

Harding 133,984 and Wood 117,320.

A slight increase in Harding's plurality is expected when the returns from the 47 precincts in Brown, Clermont, Columbiana, Miami and Williams counties, as yet unrecorded, are heard from.

The final count probably will show the 48 delegates going to the Chicago convention apportioned as follows: Harding 40; Wood 8.

According to the unofficial returns, Senator Harding will have three out of the four delegates at large. Present indications are that his national chairman, H. M. Daugherty, has been defeated by W. H. Boyd, of Cleveland. With but 199 precincts missing Boyd is credited with a lead of 1,814 over his opponent, Daugherty. Later returns are expected to reduce this lead but there is no expectation that they will over come it. The vote was: Boyd 104,998; Daugherty 103,084.

HERRICK IN LEAD.

The vote on the other district delegate candidates, with figures recorded from all but 272 precincts in the state showed: Galvin 114,097; Willis 115,413; Herrick 125,596; Turner 101,942.

That it will require the official count to determine whether Daugherty has defeated Boyd for delegate at large is the belief expressed by election experts at Secretary of State Smith's office.

Of the nearly 30,000 votes "written in" on the presidential preference ballots Tuesday, most of them were for Senator Johnson and Herbert Hoover.

If the claims of Wood leaders are borne out by final returns, Ohio's district delegates to the Republican national convention will comprise 36 Harding men and 8 Wood men, the Wood men representing the 12th, 16th, and 22nd districts, with two delegates from each of these districts and one delegate each from the 18th and 19th districts.

JOHNSON DEMANDS
RECOUNT OF VOTES
IN NEW JERSEY

New York, April 29.—Senator Hiram Johnson will formally demand a recount of the votes cast in Tuesday's New Jersey primary, it was announced here today at Johnson's eastern headquarters. Angus McSweeney, his campaign manager, consulted authorities this morning and later said that he would ask that a custodian be appointed to take charge of the ballot boxes.

With nearly all the returns in today it appears that General Wood has been returned a certain winner by several hundred votes. The closeness of the race, however, and the reports received from Johnson supporters in certain sections of the state that frauds have been perpetrated, moved the Johnson eastern forces to take action.

LICENSING SYSTEM
FOR MEAT PACKERS
REJECTED IN HOUSE

Washington, April 29.—Suggestions for a licensing system for the meat packers and a special commission to enforce regulatory legislation were rejected definitely today by the house agriculture committee. A special subcommittee consisting of Chairman Hagen, Anderson and McLaughlin, Republicans and Rubey and Rainey, Democrats, was appointed to whip into shape compromise legislation founded on the Anderson and the Kenyon bills to restrict packer control of stock yard facilities, refrigerator car service, unrelated industries and the livestock markets. Hagen said he hoped the committee would be able to complete its task during the present session of Congress.

MAGNIFICENT ARRAY
OF GIFTS RECEIVED
BY NEW YORK BRIDE

New York, April 29.—A magnificent array of gifts, particularly jewels, the total value of which will exceed \$1,000,000 has been received by Miss Rachael Littleton, whose marriage to Cornelius Vanderbilt, Jr. will be one of the gala events New York society has seen in years.

Five thousand invitations have been issued for the ceremony at St. Thomas church, Fifth avenue and 53rd street. Seven hundred of the elite of New York society will attend the reception to the bridal couple at the Vanderbilt mansion later.

Conspicuous in the gorgeous array, is a diamond tiara, said to be valued at \$300,000, which is the Vanderbilt gift to the bride. The bridegroom's gift is a laurel leaf platinum pin containing five large diamonds of great size and brilliancy. Other gifts include a diamond wrist watch, diamond necklace, a pearl necklace, and a galaxy of smaller jeweled ornaments.

Young Vanderbilt and his bride will go to Hot Springs, Va., for three weeks and later to Europe. He is 21 years of age, his bride is 20.

SATURDAY FINAL
DAY FOR TAX RETURNS

If you have not filed your personal property tax return with the county auditor, Saturday is your last opportunity.

Persons making their returns after May 1, will not be entitled to receive the \$100 exemption provided by law, and will also be subject to a 50 percent penalty.

Incorporated companies must also make their returns by May 1. Tax listing day for corporations was January 1, instead of April 1.

SALE OF MILLIONS WORTH OF ROLLING STOCK IS MADE

Washington, April 29.—Sale of \$12,500,000 worth of locomotives and freight cars, including consignments ordered in this country by the former czar of Russia and confiscated by the government with the downfall of the imperial Russian government, was made today by the war department. Disposal of 113 Russian type, decapitated locomotives was made to Cuthbert White, Bayles and Appell, of Washington, for \$5,424,000 and averaging \$48,000 each. The department sold 7,025 gondola cars of the French type to the United States International Corporation, of New York City, at prices ranging from \$850 to \$1,350 each. Extensive alterations were made in the cars to allow their use on American railroads.

FAIL TO CONNECT GIRL IN ROBBERY

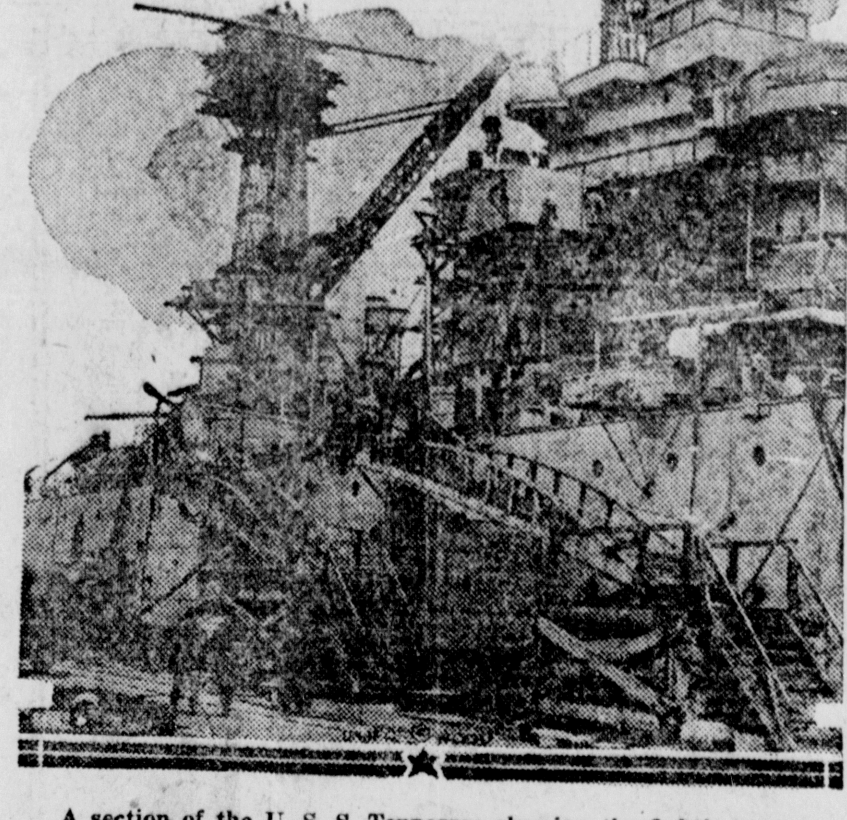

Chicago, April 29.—Failure to connect 16-year-old Mrs. Patricia Cudde, of Columbus, Ohio, with the alleged theft of thousands of dollars worth of dry goods and expensive merchandise which were unearthed by the police here will result in her release today, the authorities say. The girl was taken into custody when her husband and two other men were arrested in connection with the robbery.

ADDS NEW MACHINERY.

The Fuller Ice Cream and Soda Water company has just installed and put into operation a new Meyer-Dunmore bottle washer, at a cost of over \$8,000, which handles the glass containers from the time they are put in until they come out clean and sanitary without human aid.

DREADNAUGHT HAS NOVEL TOP

The U. S. navy's biggest and most powerful dreadnaught, the U. S. Tennessee, is being rushed to completion at the Brooklyn navy yard for commission some time in May. One new feature of the big warship is the new design of the fighting tops. They are constructed to hold the latest appliances developed during the world war. The ship has 12 four-inch guns.

HARDING AND HOOVER WILL REACH CRISIS TUESDAY

Hoover and Johnson Will Come to Grips in California While Harding Will Grapple With Johnson and Wood in Indiana.

Washington, April 29.—Two candidates, Herbert Hoover, and Senator Warren G. Harding, next Tuesday will reach a decisive stage in their respective campaigns for the Republican nomination at Chicago, according to non-partisan opinion here.

Hoover and Senator Hiram Johnson will fight it out in the primaries of their native state of California, while Senator Harding will come to grips on the same day with both Johnson and Major General Leonard Wood at the Indiana state convention.

As a sort of preliminary, Wood and Johnson will match their strength Monday in Maryland, on which day the state wide primaries will be held. Johnson has swept across the state in a whirlwind campaign, and on Saturday Senator William E. Borah, of Idaho, will wind up the Johnson campaign in that bailiwick by a speech at Baltimore.

The main centers of Republican interest, however, are further west. The three cornered fight in Indiana has been and still is of the no-quarter kind and when the smoke of the state convention clears next Tuesday there may be one or two candidates missing.

In Republican circles it is felt that Senator Harding's candidacy will receive its crucial test on that day and he will enter the fray somewhat handicapped by the small plurality obtained by him over the field in his own state, Ohio, as revealed by the count of yesterday.

HOOVEN & ALLISON INCREASE CAPITAL TO SIX MILLIONS

The Hooven & Allison Company of this city has by a vote of the holders of more than three-fifths of the capital stock of the Company and of the holders of more than three-fifths of each class of the stock of the Company, agreed to increase the capital stock of the Company from \$1,500,000 to \$6,000,000 action being taken at a meeting of stockholders held Wednesday.

The \$6,000,000 worth of stock will be divided into 60,000 shares of \$100 each, of which 20,000 shares shall be common stock and 40,000 shares shall be first preferred stock. The increase of the capital stock of this company, plans for which was announced first some time ago when the stockholders meeting was called for this purpose, marks the progress of this rapidly growing concern.

U. P. CHURCHES GET PLEDGES OF OVER 4 MILLIONS IN U. S.

Pledges received by the New World movement from the United Presbyterian church throughout the United States, in the inter-church financial campaign which is being carried on this week had reached the sum of \$4,251,000 at 7:30 Tuesday night.

The Rev. S. R. Jamieson, D. D., of this city, secretary of the New World movement for the Second Synod of the United Presbyterian church, received a telegram from headquarters of the movement in Pittsburgh Wednesday morning, announcing that this sum had been pledged by the United Presbyterian people. The campaign will continue until the end of the week.

CAR MEN DEMAND INCREASE.

Detroit, April 29.—The Detroit United Railway Company today received demands for a wage adjustment of its 3000 city and interurban car men. One dollar an hour is the maximum asked by the employees, the rate ranging downward to 95 cents for new men.

HARDING'S PLURALITY NOW 17,000 WITH 83 OUT OF 88 COUNTIES IN

Unofficial Count Gives Favorite Son Big Lead Over Wood.

8 DELEGATES WOOD'S

Official Count Needed To Determine the Boyd Daugherty Race.

Columbus, O., April 29.—Secretary of State Smith announced at noon today that returns official and unofficial, from 4,280 out of Ohio's 5,882 precincts give Harding 91,837; Wood 85,939; Johnson 9,102; Hoover 7,177 on the presidential preference vote.

Candidates for delegates at large received: Herrick 98,980; Willis 88,162; Daugherty 77,322; Galvin 89,544; Boyd 85,582; Turner 83,665.

Columbus, O., April 29.—Complete unofficial returns from 83 out of 88 counties and partial returns from the other five, show that Senator Warren G. Harding carried Tuesday's presidential preference election in Ohio by a plurality of about 17,000 over Major General Leonard Wood. The vote was:

Harding 133,984 and Wood 117,320.

A slight increase in Harding's plurality is expected when the returns from the 47 precincts in Brown, Clermont, Columbiana, Miami and Williams counties, as yet unrecorded, are heard from.

The final count probably will show the 48 delegates going to the Chicago convention aligned as follows: Harding 40; Wood 8.

According to the unofficial returns, Senator Harding will have three out of the four delegates at large. Present indications are that his national chairman, H. M. Daugherty, has been defeated by W. H. Boyd, of Cleveland. With but 199 precincts missing Boyd is credited with a lead of 1,814 over his opponent, Daugherty. Later returns are expected to reduce this lead but there is no expectation that they will over come it. The vote was: Boyd 104,998; Daugherty 103,084.

HERRICK IN LEAD.

The vote on the other district delegate candidates, with figures recorded from all but 272 precincts in the state showed: Galvin 114,097; Willis 115,413; Herrick 125,596; Turner 101,942.

That it will require the official count to determine whether Daugherty has defeated Boyd for delegate at large is the belief expressed by election experts at Secretary of State Smith's office.

Of the nearly 30,000 votes "written in" on the presidential preference ballots Tuesday, most of them were for Senator Johnson and Herbert Hoover.

If the claims of Wood leaders are borne out by final returns, Ohio's district delegates will comprise 36 Harding men and 8 Wood men, the Wood men representing the 12th, 16th, and 22nd districts, with two delegates from each of these districts and one delegate each from the 18th and 19th districts.

JOHNSON DEMANDS RECOUNT OF VOTES IN NEW JERSEY

New York, April 29.—Senator Hiram Johnson will formally demand a recount of the votes cast in Tuesday's New Jersey primary, it was announced here today at Johnson's eastern headquarters. Angus McSwen, his campaign manager, consulted authorities this morning and later said that he would ask that a custodian be appointed to take charge of the ballot boxes.

With nearly all the returns in today it appears that General Wood has been returned a certain winner by several hundred votes. The closeness of the race, however, and the reports received from Johnson supporters in certain sections of the state that frauds have been perpetrated, moved the Johnson eastern forces to take action.

LICENSING SYSTEM FOR MEAT PACKERS REJECTED IN HOUSE

Washington, April 29.—Suggestions for a licensing system for the meat packers and a special commission to enforce regulatory legislation were rejected definitely today by the house agriculture committee. A special committee consisting of Chairman Hagen, Anderson and McLaughlin, Republicans and Rubey and Rainey, Democrats, was appointed to whip into shape compromise legislation founded on the Anderson and the Kenyon bills to restrict packer control of stock yard facilities, refrigerator car service, unrelated industries and the live-stock markets. Hagen said he hoped the committee would be able to complete its task during the present session of Congress.

Daugherty Brings Up Rear Among Delegates at Large.

Fifty-nine voters in Greene county took the trouble to write the name of Herbert Hoover, former food administrator, on the Republican presidential preference ballot at Tuesday's election. Senator Hiram Johnson had 49 friends in the county who went to the same trouble for him.

On the Democratic ticket, eight voters wrote William G. McAdoo's name on the ballot, and four, the name of Champ Clark as their preference for the presidential candidate. These figures were shown by the official tabulation of the vote in Greene county, which was completed by the Board of Elections Wednesday afternoon, and forwarded to the secretary of state.

The official count of the chief candidates was as follows:

MAGNIFICENT ARRAY OF GIFTS RECEIVED BY NEW YORK BRIDE

New York, April 29.—A magnificent array of gifts, particularly jewels, the total value of which will exceed \$1,000,000 has been received by Miss Rachael Littleton, whose marriage to Cornelius Vanderbilt, Jr. will be one of the gala events New York society has seen in years.

Five thousand invitations have been issued for the ceremony at St. Thomas church, Fifth avenue and 53rd street. Seven hundred of the elite of New York society will attend the reception to the bride couple at the Vanderbilt mansion later.

Conspicuous in the gorgeous array, is a diamond tiara, said to be valued at \$300,000, which is the Vanderbilt gift to the bride. The bridegroom's gift is a laurel leaf platinum pin containing five large diamonds of great size and brilliancy. Other gifts include a diamond wrist watch, diamond necklace, a pearl necklace, and a galaxy of smaller jeweled ornaments.

Young Vanderbilt and his bride will go to Hot Springs, Va., for three weeks and later to Europe. He is 21 years of age, his bride is 20.

SATURDAY FINAL DAY FOR TAX RETURNS

If you have not filed your personal property tax return with the county auditor, Saturday is your last opportunity. Persons making their returns after May 1, will not be entitled to receive the \$100 exemption provided by law, and will also be subject to a 50 percent penalty. Incorporated companies must also make their returns by May 1. Tax listing day for corporations was January 1, instead of April 1.

MAN ARRESTED ON CHARGE OF FRAUD BY CHIEF

(Continued from Page One)

A prominent Arkansan and a member of the State Board of Pardons, Boswell is a printer by trade and was formerly employed by Calmont in his printing establishment. It is alleged that he secured the money from the latter persuaded a girl who was attending a select girls' boarding school there, to marry him, and that he lived in the best hotel in town. He claims to own two automobiles in Fort Smith.

Authorities in Fort Smith learned through a telegram received from his wife an agent from this city, that he was in this section, and later discovered a letter mailed to his wife from Goss Station. They notified Chief Graham, who located the man at Goss and in company with Patrolman Day arrested him there Monday afternoon. The arrest was kept quiet to prevent the escape of the man on habeas corpus proceedings and the Deputy Sheriff of Sebastian County arrived here Wednesday evening to take care of him. Chief of Police Graham accompanied the Deputy and his prisoner to the train Thursday morning where the officer placed him in leg irons to return him to Arkansas.

In a letter written to his wife the day he was arrested and found in his pocket by Chief Graham, Boswell had stated that he was including a draft for \$10,000 and he instructed his wife to pay off Calmont and Manning, to clear up his debts, buy all the clothes she wanted, ship his automobile to this city, and then buy a ticket to Springfield and come to Goss by traction. "I am working here in a very dangerous position in a powder mill," he stated, "and am making \$50 a day. I would come to Fort Smith myself to settle but it would take ten days and I would lose \$500 in salary." When taken into custody the man did not have a cent, and it was found that in drawing his salary in advance that he still owed the company 75 cents. He told Chief Graham that he anticipated no trouble in settling matters with Calmont, and that if he was sent to prison that the latter, who is on the state board of pardons, would see that he was released. He was worried, however, over the worthless check he had given Manning. He said that around Thanksgiving last year that he had sent about \$8,000, and he claimed that he had obtained almost \$6,000 from Calmont. He also said he owned two automobiles in Fort Smith. His home was originally in Kentucky.

The arrest of Boswell is the most important engineered by the local police department for some time and is the biggest coup since the accession of Chief Graham to head of the department.

FRECKLE-FACE

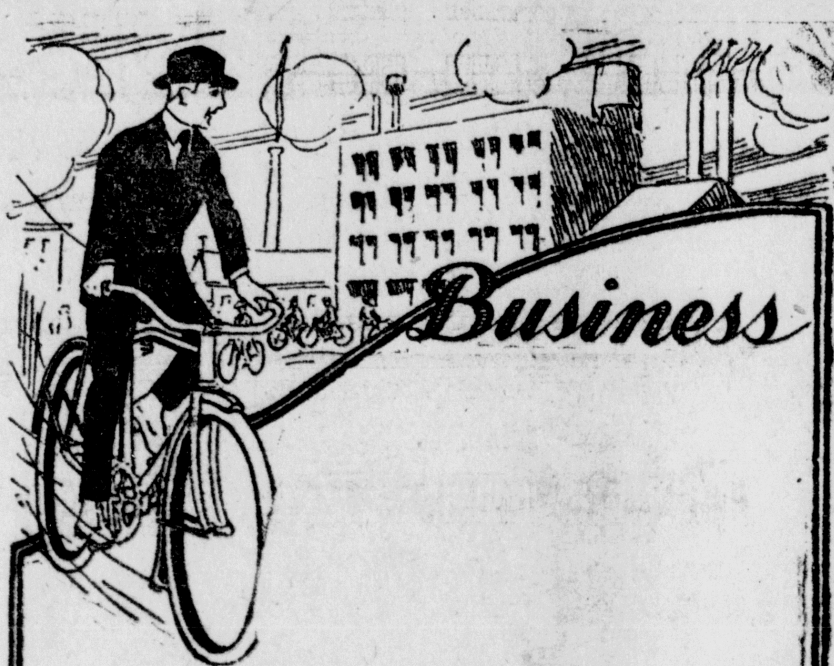

Now Is The Time to Get Rid of These Ugly Spots.

Do you know how easy it is to remove those ugly spots so that no one will call you freckle face?

Simply get an ounce of Othine, double strength from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold under guarantee of money back if it fails to remove the freckles.

For the Thin and Bloodless!

The thin and bloodless, with pale cheeks, white lips and frail angular physique, of this community have been much interested in the reports of physicians and others concerning the effectiveness of the treatment for increasing the red and white corpuscles of the blood, thus adding color and weight with its accompanying vigor to the depleted system. A gain of from 10 to 30 pounds is not unusual where the treatment is regularly used for several months, while the color improves almost from the beginning. Most good apothecaries supply it in the form of three-grain hyponuclease tablets, put up in sealed packets with directions for home use. SAYS WOOD HAS ONLY 7 DELEGATES

Columbus, O., April 29.—That not more than seven Wood delegates have been elected in Ohio to the Republican national convention was the claim made at Harding state headquarters here this afternoon by Wm. Halley. Expressing the belief that Daugherty has been elected as one of the delegates at large, Halley conceded the election of six Wood delegates in the 12th, 16th and 22nd congressional districts, and said that possibly, one Wood delegate may have been chosen in the 18th district. He denied, however, the claim of the

Wood men that they have elected a delegate in the 19th district.

On the basis of Halley's estimate, Ohio's delegation to the Republican national convention will consist of at least 41 Harding men and not more than 7 Wood men.

FAMOUS AGREEMENT IS MADE PUBLIC

London, April 29.—The famous pact of London, the secret agreement entered into by England, France, Russia, and Italy in 1915, and which has figured prominently in peace negotiations since the armistice, was made public here today. It was revealed that Italy was the chief beneficiary and should its terms have been carried out as written would have obtained extensive territorial acquisitions following the defeat of the central powers.

Editorial in the Gazette Times, January 20, 1920 CHANCES OF STRIKING OIL. The big producers are being found by drillers in the southwestern fields of the United States, but there is more certainty of "striking oil" in Pennsylvania, where the product commands the highest price and the wells last long. The country over, the driller's chances are approximately four to one in favor of getting oil; in Pennsylvania he has approximately nine chances of success to one of a failure. This we learn from the Oil City Derrick's report of drilling operations during 1919. In the United States as a whole 22,462 wells were completed, of which 9,961 were dry, or non-productive; in Pennsylvania the completions totaled 5,178, of which only 573 brought total disappointment to the owners. The chief reason for the discrepancy is apparent. In the newer fields there is genuine wild-catting; the oil bearing areas of Pennsylvania are well defined. But the risk one runs in drilling an oil well is not wholly exposed by the figures quoted. It is not precise to say that there is a 9 to 1 chance of success in Pennsylvania, for if one fails his loss is virtually total as to that well. And so it is wherever one drills. But if one gets oil he may, at present prices, have the equivalent of a fortune in a comparatively small producer. It is an alluring hazard. That is what the unprecedented prices offered for crude are intended to make. Apparently they are proving effective, but the new production is not sufficient to balance the demand, which is growing at a prodigious rate. Therefore still higher prices may be expected. The prospective reward must balance the risk that is taken in any form of gambling and drilling for oil, whenever it is undertaken, is a gamble.

ACT TODAY! We reserve the right to withdraw 50 Per Cent Payment Plan. No extra premium on SYMES FARM OIL & GAS LEASE 50 per cent with order and 50 per cent Balance when one of our first 5 wells produces.

MY WORD, OLD TOPPER, PIPE THE STYLE! MILADY ADOPTS THE BLOOMIN' MONOCLE

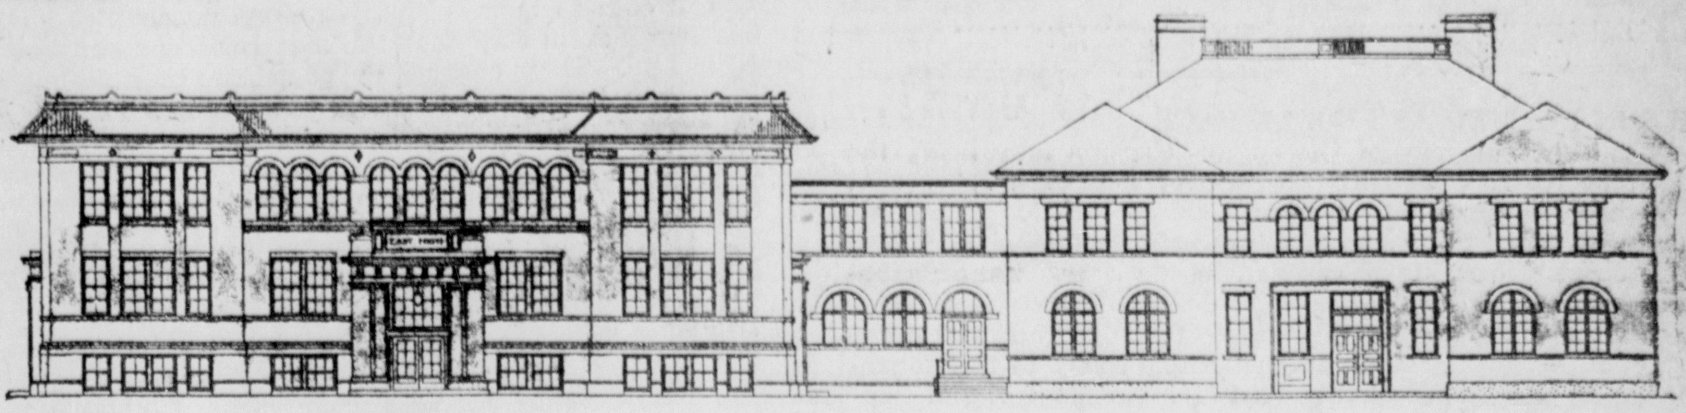

The Misses Erica Mackay, at left, and Irene Lawright, with their monacles, watching a performance of "Irene" at Vanderbilt theater, New York.

When Mrs. Geoffrey Taylor, charming wife of the aide-de-camp to the governor of New Zealand, recently appeared in the royal box at the opera House in London wearing a monocle she created a sensation. And any such sensation in these days means a fad. Hence the monocle fad for milady. The photo above shows two New York girls who have already adopted the eyeglass.

PROPOSED NEW HIGH SCHOOL BUILDINGS FOR XENIA TO COST \$550,000

New Central High School

Present Lincoln High School

Addition To Be Built

Two views of the exterior plan for the two new high schools to be built in this city. The top picture is the architect's drawing of the exterior of Central High School, showing the style of architecture and the window arrangement with a view of conforming with the demands of the state on the question of proper light. The building will be two stories high, with a basement that will also be used and it will house a large auditorium and a gymnasium as well as the class rooms and workshops for the manual training departments. The picture below is that of the proposed East Main street building. It will be connected with the present building by an entrance way, throwing the two buildings together as conforming in every way with the state law.

SAYS WOOD HAS
ONLY 7 DELEGATES
Columbus, O., April 29.—That not more than seven Wood delegates have been elected in Ohio to the Republican national convention was the claim made at Harding state headquarters here this afternoon by Wm. Halley. Expressing the belief that Daugherty has been elected as one of the delegates at large, Halley conceded the election of six Wood delegates in the 12th, 16th and 22nd congressional districts, and said that possibly one Wood delegate may have been chosen in the 18th district. He denied, however, the claim of the

WOOD MEN THAT THEY HAVE ELECTED A DELEGATE IN THE 19TH DISTRICT.

On the basis of Halley's estimate, Ohio's delegation to the Republican national convention will consist of at least 41 Harding men and not more than 7 Wood men.

CHANCES OF STRIKING OIL.
The big producers are being found by drillers in the southwestern fields of the United States, but there is more certainty of "striking oil" in Pennsylvania, where the product commands the highest price and the wells last long. The country over, the driller's chances are approximately four to one in favor of getting oil; in Pennsylvania he has approximately nine chances of success to one of a failure. This we learn from the Oil City Derrick's report of drilling operations during 1919.
In the United States as a whole 28,462 wells were completed, of which 2,961 were dry, or non-productive; in Pennsylvania the completions totaled 5,178, of which only 513 brought total disappointment to the owners. The chief reason for the discrepancy is apparent. In the newer fields there is genuine wild-catting; the oil bearing acres of Pennsylvania are well defined. But the risk one runs in drilling an oil well is not wholly exposed by the figures quoted. It is not precise to say that there is a 9 to 1 chance of success in Pennsylvania, for if one fails his loss is virtually total as to that well. And so it is wherever one drills. But if one gets off he may, at present prices, have the equivalent of a fortune in a comparatively small producer. It is an alluring hazard. That is what the unprecedented prices offered for crude are intended to make. Apparently they are proving effective, but the new production is not sufficient to balance the demand, which is growing at a prodigious rate. Therefore still higher prices may be expected. The prospective reward must balance the risk that is taken in any form of gambling and drilling for oil, wherever it is undertaken, is a gamble.

WILSON BLAMED AS PEOPLE FACE 40-CENT SUGAR.

Government bungling of the sugar situation may bring the American people face to face with thirty and even forty cent sugar within the next few months. Only drastic measures, the nature of which no one high in authority seems able to suggest, can check the rising prices and insure a uniform distribution of the supply.

The cause of the present high price for sugar and the great scarcity in the United States, is attributable solely to the nonaction of the President of the United States in August and September last and, in part, to the action of the attorney general in November last. Investigation in Washington, where sworn testimony has been taken, has fully established these facts beyond contradiction.

In August and September last the sugar equalization board recommended to the President the purchase of the Cuban crop of 1919, as had been done in the case of the 1918 crop. It was stated that the Cuban crop could be purchased for six and one-half cents per pound at that time, a price which would have permitted the sale of sugar in the United States at eleven and twelve cents per pound retail.

The action which the sugar equalization board recommended could legally have been approved by the President. He, however, withheld his approval and has never asserted his reason for doing so.

In November last, when sugar was selling at retail at ten cents a pound under control of the sugar equalization board and at six and one-half cents in Cuba the attorney general concurred in a price of seventeen cents and eighteen cents with the plantations for Louisiana sugar, thus giving, as it were, an official government price for raw sugar. The effect of this action in part was to advance the Cuban price. In December the Cuban price had advanced over eleven cents and now is quoted at eighteen cents.

UNWORTHY OF THEIR WINGS.

An aviator and his mechanic were arrested on alighting the other day to pick up some wild geese which they had shot at an altitude of 1,000 feet. They are charged with violating the game laws protecting migratory birds, and face a penalty of \$500 fine and six months in jail. The judge may see fit to lighten the sentence, but there should be assurance that no repetition of the offense will occur, and the case should have wide publicity.

A new menace to wild life lies in the airplane. Unless laws are expanded and enforced, many a crafty bit of shooting will be done from the air. America is beginning at last to appreciate what remains of the wild life of this continent and to enact laws for its protection. There have been long strides in the unification of state statutes to cover the migration of birds, so that wanton destruction in one state may not offset preservation in another. The aerial hunter must be compelled to obey the same regulations as his less elevated brothers. He must not take advantage of the wide freedom of the air to slay those whose natural element it is. It would seem as if sharing wings with the feathered fraternity would take from man's breast the lust for bird slaughter. Since apparently it does not, the law must be invoked.

TESTED RECIPES

Codfish Balls—When rice or mashed potatoes has been served for dinner, this is a convenient supper dish. One cup shredded codfish, two cups mashed potatoes, one tablespoon melted butter, one-eighth teaspoon paprika, one-eighth teaspoon curry powder, one teaspoon minced onion.

Scald and drain codfish. Mix with potato and butter. Add other seasoning and form in small balls. Roll in egg and bread crumbs or crumbs which have been moistened in melted butter. The latter method may be used if baked instead of fried in deep fat.

Indian Salad—The use of lemon jelly in this recipe makes it a good one for this time of the year when apples are likely to be a little lacking in flavor.

One cup grated coconut, two large apples diced, two cups chopped celery, three pimientos cut in small pieces, one tablespoon grated onion. Make a lemon jelly, using gelatin or one of the prepared jellies. Put small amounts in individual molds or cups. When firm, fill molds with salad mixture and pour over the re-

mainder of the gelatin. When hardened unmold on lettuce leaves, sprinkle with little of the grated coconut and garnish with bits of pimento.

Bread Buns—One cup bran, one cup flour, one and one-half cup sour milk, one-half teaspoon salt, one tablespoon melted fat, one-half cup molasses, two-thirds teaspoon soda, one teaspoon baking powder, one-half cup raisins.

Dry ingredients mixed first and others added. Instead of stirring in the raisins about three may be placed in the top of each bun. Bake in gem or muffin pans.

USES FOR SOUR MILK

Sour milk is no tragedy. From it you can make cottage cheese, and remember that the whey left from making cottage cheese is very good to use as the liquid in bread making. Sour milk can be substituted for sweet milk in any recipe for quick breads or cakes. The difference is that for every cup of sour milk, one-half teaspoon of soda should be used.

One-half teaspoon of soda, however, is equivalent in leavening power to only two teaspoons of baking powder; this means that some baking powder must often be used in addition to the proper amount of soda.

Sour Milk Waffles—One egg, beat well, two cups sour milk, added to beaten egg; sift two cups flour, one teaspoon soda, two teaspoons baking powder, one teaspoon salt, add to egg and milk and stir hard until mixture is full of bubbles, then add one tablespoon of melted shortening and stir until blended. Heat waffle iron moderately hot, grease thoroughly, pour batter from pitcher onto center of griddle, cover with other half of iron, let cook about a second, then turn iron over quickly. Cook until nicely browned on both sides.

MOTOR GRIEF.

ALL things the motorist must buy to have a corking time, are so absurdly, beastly high, the prices are a crime. Gas costs so much the buyer swears and madly paws the ground; I've bought a span of old gray mares to haul my car around. The gait they hit is sad and strange, their progress is a joke, they're spavined and they have the mange, but they don't leave me broke. It takes the income of the rich to buy a set of tires; and when one prices oil and sich, he gurgles and expires. The punk mechanic with his tools calls for your final red; so go and buy a span of mules and hitch them to a sled. Five years ago I'd drive all day, and then at night return, and when I put the car away I still had coin to burn. Five years ago mechanics stout made my boat work fine; they took the measly carbon out, and got the valves in line. Their charges never set me back so much that I would sweat; but now I've bought a brindled yak to haul my wagonette. Five years ago—but what's the use? The dead years are on ice; now any seven cent excuse will do to hoist the price.

CHATTER

Shortly after the arrival of the professional play producer, a young amateur came up and, much to his annoyance, began telling him what to do.

"I must have a part to suit me," he said. "I am always one of the principals in our productions, and I usually a big success."

"You must allow me to be the best judge of a suitable cast," was the dry reply.

A few days later, at rehearsal, the cast chosen was read out, and the name of the budding Irving was omitted.

"Why am I not given a part?" he asked in great rage.

"You have not been overlooked," the great man replied with dignity. "You are to be the first banana in the fruit-market scene."

COURT NEWS

Charge with refusal to testify when an attempt was made to take his deposition in the suit brought by John T. Harbine, jr., against W. H. Arthur, Joseph A. Boraff in jail on a charge of non support was served with a warrant charging contempt of court.

The affidavit was made by Attorney J. K. Williamson, before whom the deposition was to be taken. The suit was one brought several months ago, by Mr. Harbine on a note for \$600, signed with Mr. Arthur's name, to Mr. Harbine. Mr. Arthur denies it is declared, having signed the note.

On the day on which the plaintiff to the action was buried in Woodland cemetery, copies of a decision by the Court of Appeals, in the case of Anne B. Barrett against Adelaide Skimmer and others were received here. The decision was largely in favor of Mrs. Barrett.

Mrs. Barrett conveyed her farm in Spring Valley township to the defendant, for a consideration of \$7,133, and an assumption of a mortgage for \$1,500. The plaintiff later brought suit to have the farm reconveyed claiming that there was violation of the terms of the contract. The Court of Appeals in its decision did not order reconveyance of the farm, but held that the plaintiff was entitled to the net income from the farm. The defendant was required to account for the net income, the decree ordering that the case be remanded to common pleas court for that purpose in case the parties do not agree to remanding the case, the court provided that a special master commissioner would be appointed for the purpose of determining the net income.

The Supreme court, by a decision just received has sustained a motion of counsel representing Clerk of the Courts Charles S. Johnson to dismiss a petition in error in the damage suit brought against him by Guy L. Harner.

Mr. Harner was in the employ of Mr. Johnson as a painter. He was injured by a fall from a ladder, and sued Johnson for \$15,000 damages, claiming the ladder was defective. He lost that case, and later filed another suit for \$10,000 damages, making virtually the same charges. He lost the suit in the lower courts, and filed a petition in error in supreme court. That action has just been dismissed.

"The Children of Today," will be the title of the piece to be presented at the Opera House Thursday night, by "The Smarter Set," Whitney and Tutt's colored troupe.

Salem Tutt Whitney is of the Bert Williams school, and is rated as one of the best colored comedians on the stage. J. Homer Tutt, is one of the "dandy" class, and both are leaders in fun and amusement. The offering is bright and snappy. The piece is being brought here by the Standard Amusement Co.

JAPAN'S DELEGATE TO INTERNATIONAL MEETS 'Y' WORKER

Miss Michi Kawai.

This is an eventful and important and very, very busy year for Miss Michi Kawai of Tokyo, Japan. Miss Kawai, who is national secretary of the Y. W. C. A. in Japan, has been attending the sixth annual convention of that organization representing her countrywomen. Next month she will attend the British conference of the Y. W. C. A., then she will attend the International Suffrage Association conference, and the International Y. W. Students' conference. This little woman from far away Japan will visit England, Sweden, Switzerland and Spain in her capacity as a delegate.

COURT NEWS

Charge with refusal to testify when an attempt was made to take his deposition in the suit brought by John T. Harbine, jr., against W. H. Arthur, Joseph A. Boraff in jail on a charge of non support was served with a warrant charging contempt of court.

The affidavit was made by Attorney J. K. Williamson, before whom the deposition was to be taken. The suit was one brought several months ago, by Mr. Harbine on a note for \$600, signed with Mr. Arthur's name, to Mr. Harbine. Mr. Arthur denies it is declared, having signed the note.

On the day on which the plaintiff to the action was buried in Wodland cemetery, copies of a decision by the Court of Appeals in the case of Anne B. Barrett against Adelaide Skinner and others were received here. The decision was largely in favor of Mrs. Barrett.

Mrs. Barrett conveyed her farm in Spring Valley township to the defendant, for a consideration of \$7,133, and an assumption of a mortgage for \$1,500. The plaintiff later brought suit to have the farm reconveyed claiming that there was violation of the terms of the contract. The Court of Appeals in its decision did not order reconveyance of the farm, but held that the plaintiff was entitled to the net income from the farm. The defendant was required to account for the net income, the decree ordering that the case be remanded to common pleas court for that purpose in case the parties do not agree to remanding the case, the court provided that a special master commissioner would be appointed for the purpose of determining the net income.

The supreme court, by a decision just received has sustained a motion of counsel representing Clerk of the Courts Charles S. Johnson, to dismiss a petition in error in the damage suit brought against him by Guy L. Harner.

Mr. Harner was in the employ of Mr. Johnson as a painter. He was injured by a fall from a ladder, and sued Johnson for \$15,000 damages, claiming the ladder was defective. He lost that case, and later filed another suit for \$10,000 damages, making virtually the same charges. He lost the suit in the lower courts, and filed a petition in error in supreme court. That action has just been dismissed.

The supreme court overruled a motion for an order directing the Court of Appeals to certify its record in the case of George Banoe against Sarah Lytle.

EXPLOSION WRECKS HOUSE; 4 ESCAPE DEATH NARROWLY

Belmont, Mass. April 29.—Four persons miraculously escaped injury and this city was thrown into a furore of excitement today by an explosion which wrecked the handsome residence of Walter A. Putnam, vice president of the Boston Varnish Co. State police explosive experts are investigating.

Asleep in the house at the time, were Mr. and Mrs. Putnam, their son, Mrs. Putnam's mother, Mrs. Cate, aged 75, and the two children of Mr. and Mrs. Sydney Curtis.

The outer wall of Mrs. Cate's room was blown into the street all windows in the house were smashed and the kitchen stove was thrown into the street by the force of the blast.

JAMESTOWN PASTOR DIES ON WEDNESDAY

J. A. Cargill, pastor of the Church of Christ at Jamestown died Wednesday evening at 8 o'clock after an illness of a year. Mr. Cargill suffered from organic heart trouble and had been bedfast for three months. He spent two months last summer at Miami Valley Hospital, Dayton in an effort to improve his health.

Mr. Cargill came to Jamestown fifteen months ago from Grand Rapids, Mich., to assume the pastorate of the Jamestown church. He is a graduate of the Bible School at Lexington, Ky., and held several charges before coming to Jamestown. He was 54 years of age at the time of his death.

Mr. Cargill is survived by his widow and one daughter, Mrs. Clyde Bingham, of Dayton.

Funeral services will be held at the home Friday afternoon at 2 o'clock and the body will be taken to Grand Rapids, Mich., for burial, leaving Jamestown on the 4:16 train.

Funeral services will be in charge of Frank Gordon, who has been occupying the pulpit at the Church of Christ during the illness of the pastor.

STRIKE OF MINERS IN COAL FIELDS LOOMS AS THREAT

New York, April 29.—A strike of mine workers in the anthracite fields loomed today as a result of the refusal of a compromise offer of 15 percent wage increase by the scale committee of the United Mine workers meeting here with operators on a new working agreement. Leaders of the miners declared their negotiations had come to a crisis and threatened to "break" unless the operators immediately revised their offer.

The conference will meet this afternoon for a final conference at which the miners will demand a new offer. In event the operators hold firm, it is freely predicted that the workers will withdraw from the negotiations resulting in a general walk-out throughout the anthracite fields.

The operators, in their compromise offer, suggested settlement by an anthracite coal commission to be appointed by President Wilson. This offer was also rejected by the miners. The latter made greatly modified demands several days ago, cutting their increased demand from sixty to twenty seven per cent.

INFANT DIES OF PNEUMONIA

John Henry Redmond, infant son of Mr. and Mrs. Walter Redmond, of the Wilmington pike, died Wednesday evening at 5:30 o'clock, as a result of pneumonia following an attack of measles. The child had been ill five days.

The infant was seven months and ten days old. Besides the parents, three brothers and three sisters survive. Burial will be made at Spring Valley.

DRUGGISTS!

You Can Guarantee This Prescription

So great has been the success of Plough's Prescription C-2223 in relieving thousands of people suffering with Rheumatism, Gout, Sciatica, Lumbago and some conditions of a neuralgic nature, and also other troubles caused by poisons in the blood, known as Eczema, Sores, Pimples, and so on, that the manufacturers authorize you to refund the price of two \$1.50 bottles in case satisfactory benefit is not experienced by your customers.

There is no "red tape" connected with this guarantee. When you are assured that the claim for refund is a bona fide one, you give back the price which your customer paid you, and report the case to us. A check for \$3.00 is promptly sent you.

Here are the conditions under which this guarantee is made: Your customer, or the patient, must take consecutively two \$1.50 bottles. Four trial size bottles do not contain the quantity found in the regular or large size; therefore the guarantee cannot apply to purchases of the trial size. Directions must be followed carefully and suggestions as far as possible.

If, after your customer takes two \$1.50 bottles as above, no relief is experienced—sufficient to justify a continuance of the treatment—upon presentation of the empty bottles, you are to return the purchase price, \$3.00, and report the refund, giving customer's name and address and any other information that may be of interest. You will be quickly reimbursed at the same price, \$3.00.

Of course there are chronic cases of Rheumatism and Gout which require the use of several bottles, but even in such cases, two large bottles should bring about a change for the better.

Prescription C-2223 is a real blood purifier. It stands above all other remedies as an alternative of great power. It restores normal functions to those organs or tissues which are not naturally performing their full work. It changes diseased conditions into conditions of health.

You can recommend it to your customers and be sure that they will be satisfied, for if no benefit is experienced, you can give their money back.

Before taking Prescription C-2223, it is necessary that the liver should be made active and the bowels regulated. 2223 Liver Pills are different from most cathartics because they act gently and do not sicken or gripe. For best results in taking Prescription C-2223, the use of these tonic liver pills is desirable. They sell for 25c a package.

Your jobber can supply you with Prescription C-2223 and the 2223 Liver Pills, or you can write the Plough Chemical Co., Memphis, Tenn., for information about discount and terms.

ROTARIAN SPEAKS BEFORE AUDIENCE ON CIVIC AFFAIRS

(Continued From Page One)

school who would not have done so otherwise, as a result of pressure brought to bear on them after the census.

Put Efforts In

"I wonder if your members are putting into the Chamber of Commerce what they are getting out of it," said Mr. Greiner. "You must work. Be interested in your Chamber of Commerce. Don't depend upon the secretary or a few others to do all the work. You could do a lot of things up and down in this town. There are lots of other things you could get out of it. Good morning to you. You don't make any mistake in a city of this sort where everyone knows everyone else."

Mr. Greiner and the Chamber of Commerce are closely related. We have a little finer perhaps. Rotary is made up of men who act, and are no dead ones."

Mr. Greiner explained the origin and organization of the Rotary Club, telling of its rapid advancement since its beginning fifteen years ago. There are now more than 700 Rotary clubs in the world. He concluded by reading the plan and purpose of the Rotary Club and a tribute to the organization by Edgar A. Guest, Rotarian Day Talks.

Mr. Greiner was preceded on the speaking program by Judge Day of Massillon, who is filling the Common Pleas bench here, in the absence of Judge C. H. Kyle, who is in Toledo, and who spoke briefly. "You have a very beautiful city," said the judge. "You have attractive business houses and the community shows a very clean, neat and beautiful appearance. You have the incentive to make it so because your women take part in the public life. I want to see women have the vote."

"We welcome you home. We are proud of you and the distinction you have gained," said Toastmaster Harry E. Rice, introducing Mr. Greiner to the Xenia audience.

J. F. Orr, former postmaster here, and now connected with the Hoover & Allison Company in Kansas City, who was called upon by Toastmaster Rice, recalled to mind the return of Mr. Greiner to this city at the time of the Home Coming when he was arrested at the Pennsylvania station and escorted over the city in a rickety hack.

Concluding Mr. Orr said, "I am sure the Chamber of Commerce will be an instrument for good in the community."

The banquet was served at 6:30 by Mr. and Mrs. Jacob Kany. Immediately after the affair, Mr. Greiner, who has been the guest for two days of his sister, Mrs. William M. Wilson, left on his way to Harrowgate, England, where he will attend the conference of British Rotarians and later go to Paris where he will present the charter to the newly organized Rotary Club of that city.

LEGAL NOTICE

Sealed bids will be received by the City Commission of the City of Xenia, Ohio, at the office of the City Auditor until 12 O'clock Noon on the 3rd day of May, 1929 for furnishing the necessary labor and material for the extension of sewer districts Nos. 1, 2, 3, 5, and 6.

The work consists of laying approximately fifteen thousand feet of six and eight inch vitrified sewer pipe.

A bond satisfactory to the City Commission will be required of the successful bidder in the sum of five per cent of the estimated cost of the work. Each bid shall be accompanied by a sufficient bond or certified check in a sum equal to five per cent of the amount of the bid submitted.

Each sewer district to be extended shall be bid upon separately, and all bids must state the price of labor and material separately for each item in the schedule of quantities.

The City Commission reserves the right to reject any and all bids, and waive defects in bids, in the interest of the City.

Blank forms for bids and instructions to bidders can be obtained from Kenyon Riddle, City Manager, City of Xenia.

By order of City Commission, Xenia, Ohio.

T. H. ZELL,
City Auditor.

Heart and Home Problems

Dear Mrs. Thompson: I am seventeen and I care for a young man of twenty-three. He has often told me that he loves me. I do not go out with him.

Do you think he loves me? Mother does not allow me to care for him although I do not talk to her about him. What shall I do?

ANXIOUS WAITING
The young man does not love you seriously or he would want to take you places. I think it would be better for you to talk frankly to your mother about him. The more you keep your love to yourself, the deeper it will grow, which is not a very good thing for a girl of seventeen.

You need experience and variety before you can choose wisely. Be a wise little girl now and postpone your thoughts of love until you are in your twenties. You can do this if you push aside thoughts of the young man and busy yourself with something.

Dear Mrs. Thompson: What would be appropriate for a three-course June wedding supper for people of moderate means? If more convenient to serve two courses, what should be served?

Would it be necessary for printed invitations when only immediate relatives are to be present?

KITTY
A three-course supper is not at all necessary. If you want something simple and yet sufficient, serve chicken salad, rolls, and olives for the first course, and ice cream, cake, coffee and nuts for the second.

Printed invitations are not necessary. Either write notes or invite your guests verbally.

Dear Mrs. Thompson: I am a young girl of nineteen and was keeping company with a young man twenty-four years old. All at once he left town and I have not heard from him. If he ever writes to me should I answer? BLUE BELL

Yes, answer the letter if it will give you pleasure to do so. Let him write first.

Dear Mrs. Thompson: I am a girl twenty years of age. I have kept steady company with a few young men, but have not for the last year. I just go with one and then another. I have begun to lose interest in life and my young friends and it seems as though they have lost interest in me.

Some of my friends think I get angry at them when I am not. I am not a girl who forces her way in. I always try to treat everyone the same, but I guess I fail to sometimes.

Just what is the trouble with me? Do you think it natural for me to lose interest in my friends since I am older now? I have had two chances to become engaged, but I wanted to be sure they were right, and so I did not accept.

A NICE GIRL
You seem to have too much time to think about and analyze yourself. You need to be so deeply interested in some work that you will forget about boys for awhile. You find it, you will not be interesting to other people.

If you are a working girl and do not enjoy your work, get another position. A change would probably do you good. See how efficient you can make yourself. Your efforts will absorb your time and as you work you will find your interests increasing.

It is not normal to lose interest in your friends. Perhaps you have grown away from them and need to meet new people. A change of position would help in this respect too.

In reply to "XYZ": Marry the young man without fear that your marriage will turn out wrong. Tell your father the truth.

URGES PEOPLE TO FIGHT CATARRH
WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

school who would not have done so otherwise, as a result of pressure brought to bear on them after the census.

Put Efforts In

"I wonder if your members are putting into the Chamber of Commerce what they are getting out of it," said Mr. Greiner. "You must work. Be interested in your Chamber of Commerce. Don't depend upon the secretary, or a few others, to do all the work. You could do a lot of things. There are lots of other things to do. Get out of the Good Housekeeping Club. You don't make any friends in a city of this sort unless you cooperate. The Chamber of Commerce brings you together."

"The Rotary and the Chamber of Commerce are closely related. We have worked out the details of a little finer perhaps. Rotary is made up of men who act. There are no dead ones."

Mr. Greiner explained the origin and organization of the Rotary Club, telling of its rapid advancement after its beginning fifteen years ago. There are now more than 700 Rotary clubs in the world. He concluded by reading the plan and purpose of the Rotary Club and a tribute to the organization by Edgar A. Guest, Rotarian and poet.

Judge Day Talks
Mr. Greiner was preceded on the speaking program by Judge Day of Massillon, who is filling the Common Pleas bench here, in the absence of Judge C. H. Kyle, who is in Toledo, and who spoke briefly. "You have a very beautiful city," said the Judge. "You have attractive business houses and the community shows a very clean, neat and beautiful appearance. You have the incentive to make it to because your women take part in the public life. I want to see women have the vote."

"We welcome you home. We are proud of you and the distinction you have gained," said Toastmaster Harry E. Rice, introducing Mr. Greiner to the Xenia audience.

J. P. Orr, former postmaster here, and now connected with the Hoover & Allison Company in Kansas City, who was called upon by Toastmaster Rice, recalled to mind the return of Mr. Greiner to this city at the time of the Home Coming when he was arrested at the Pennsylvania station and escorted over the city in a rickety hack.

Concluding Mr. Orr said, "I am sure the Chamber of Commerce will be an instrument for good in the community."

The banquet was served at 6:30 by Mr. and Mrs. Jacob Kany. Immediately after the affair, Mr. Greiner, who has been the guest for two days of his sister, Mrs. William M. Wilson, left on his way to Harrowgate, England, where he will attend the conference of British Rotarians and later go to Paris where he will present the charter to the newly organized Rotary Club of that city.

LEGAL NOTICE

Sealed bids will be received by the City Commission of the City of Xenia, Ohio, at the office of the City Auditor until 12 O'clock Noon on the 3rd Day of May, 1929

for furnishing the necessary labor and material for the extension of sewer districts Nos. 1, 2, 3, 5, and 6

The work consists of laying approximately fifteen thousand feet of six and eight inch vitrified sewer pipe.

A bond satisfactory to the City Commission will be required of the successful bidder in the sum of five per cent of the estimated cost of the work. Each bid shall be accompanied by a sufficient bond or certified check in a sum equal to five per cent of the amount of the bid submitted.

Each sewer district to be extended shall be bid upon separately, and all bids must state the price of labor and material separately for each item in the schedule of quantities.

The City Commission reserves the right to reject any and all bids, and waive defects in bids, in the interest of the City.

Blank forms for bids and instructions to bidders can be obtained from Kenyon Riddle, City Manager, City of Xenia. By order of City Commission, Xenia, Ohio.

T. H. ZELL, City Auditor.

Heart and Home Problems

Dear Mrs. Thompson: I am seventeen and I care for a young man of twenty-three. He has often told me that he loves me. I do not go out with him.

Do you think he loves me? Mother does not allow me to care for him although I do not talk to her about him. What shall I do?

ANXIOUS WAITING
The young man does not love you seriously or he would want to take you places. I think it would be better for you to talk frankly to your mother about him. The more you keep your love to yourself, the deeper it will grow, which is not a very good thing for a girl of seventeen.

You need experience and variety before you can choose wisely. Be a wise little girl now and postpone your thoughts of love until you are in your twenties. You can do this if you push aside thoughts of the young man and busy yourself with something.

Dear Mrs. Thompson: What would be appropriate for a three-course June wedding supper for people of moderate means? If more convenient to serve two courses, what would be served?

Would it be necessary for printed invitations when only immediate relatives are to be present?

KITTY
A three-course supper is not at all necessary. If you want something simple and yet sufficient, serve chicken salad, rolls, and olives for the first course, and ice cream, cake, coffee and nuts for the second.

Printed invitations are not necessary. Either write notes or invite your guests verbally.

Dear Mrs. Thompson: I am a young girl of nineteen and was keeping company with a young man twenty-four years old. All at once he left town and I have not heard from him. If he ever writes to me should I answer? BLUE BELL

The Cold That Hangs On

This is No. 5 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

A cold is simply an inflammation of some part of the air passages—throat, larynx or bronchial tubes—just like a sore is an inflammation of the skin. A long continued cold means constant inflammation and this constant inflammation frequently weakens the air passages so that they become an easy point of attack for invading germs of more serious diseases. A "cold that hangs on," therefore, is simply nature's "red flag" indicating that there is "trouble below," and this warning should never be neglected.

Nightly applications of Vick's Vapo-Rub will aid nature to clear up that inflammation. Because Vick's acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to The Vick Chemical Company, 235 Broad Street, Greensboro, N. C.

TAKE IMMEDIATE STEPS TOWARD FINAL REMOVAL

Action favoring the removal of Xenia Theological Seminary to St. Louis, was taken by the Second Synod of the West of the United Presbyterian church, in session here for that purpose, Wednesday afternoon.

The Synod by its action formally ratified the decision of the re-location committee, and of the board of managers of the seminary, which met at the home of Dr. Joseph Kyle, president of the seminary and chairman of the re-location committee earlier in the day.

Necessary legal steps toward acquiring the property in St. Louis, on which the church has an option, were taken. The contract for the purchase of the property will be made as soon as the other synods, which have a controlling voice in the seminary, ratify the action of the two bodies which met here Wednesday. There is no doubt but that they will favor the removal, it is said, as they include territory as far west as Colorado. The Second Synod of the West, which had the veto power in the question, covers western Ohio and Indiana.

The property on which an option is held consists of two large buildings, now occupied by a girls' school and commodious grounds. The option is held for \$105,000. A real estate company which is opening a beautiful tract of ground south of Washington University, which is close to the proposed seminary site, has promised to give the seminary three acres, upon its location on the proposed site.

Plans toward removal of the seminary will be taken immediately after commencement which will be held next week, and the fall semester will open in the new home.

The Rev. W. P. Mabon of Dayton, vice moderator of the Synod, presided at the session Wednesday afternoon. The moderator Rev. J. Kelly Giffin of Knoxville, Tenn., arrived just as the session was closing. Dr. Giffin who is president of Knoxville college, a school for colored people under the management of the United Presbyterian church continued on his way east in the interest of the school.

The board of managers of the sem-

inary, after taking action regarding the removal of the seminary, elected officers for the coming year. Dr. John A. Henderson of Dayton, was elected chairman and Dr. James P. Cowan of Indianapolis, vice chairman. The board adjourned to meet next Wednesday morning, commencement day at the seminary, to continue the business of its annual meeting.

Members attending the meeting of the board of managers were: Rev. S. R. Jameson, Oxford; John A. Henderson D. D., Indianapolis; Rev. E. G. McKibben, Clifton; Frank Boyd, D. D., Cincinnati; J. P. Nesbit, D. D., Sparta, Ill.; Rev. John McLanahan, Chicago; J. P. Meloy, D. D., Hoopes-ten, Ill.; F. M. Spencer, D. D., Sterling, Kan.; Rev. S. J. Woodburn, Lincoln, Neb.

BASE BALL SEASON TO OPEN SUNDAY

The annual lid prying event of the baseball season has been delayed this year by inclement weather, but the even is scheduled to take place at the old Reserve Park on Cincinnati avenue, Sunday, when the St. Bridids Meteors, the only team playing or- ganized ball here this season, will

play the St. Mary's Juniors.

The contest will be started at three o'clock and promises to be a hummer. Much interest is being shown among the followers of the national pastime as to the progress of the Meteors who put a first rate basketball team on the floor last season, and are promising to repeat in baseball.

Schneider and Frank Leahey will compose the battery as announced by the Meteor management. Schui- der formerly hurled for the Sham- rocks, and he has a southpaw deliv-

ery that is guaranteed to set the vis- itors back in out, two, three order. The rest of the lineup will probably be E. Leahey, as; Hendrickson, 1b; Neville, 2b; Purdom, 3b; Brennan if; Gallagher, cf; Cain, rf.

PEPSINCO

PEPSINCO is the only indigestion
remedy that we know—and we know
lots of so called dyspepsia cures—that
will almost infallibly relieve an attack
of indigestion, food distress or gas. We
could almost make claims that would
appear impossible, so seldom does this
PEPSINCO fail. But why not consid-
er the recommendation of thousands of
people who have used PEPSINCO on
the basis of their belief in it. Try it your-

EAST END NEWS

Mrs. Anna Gurley who lives on Hall street was taken ill Sabbath in church and is still in a critical condition.

Mrs. William Jones east of this city on the Jamestown pike received intelligence yesterday that her sister who lives in Dowagiac, Mich., was critically ill. Her mother, Mrs. Clark who lives in Piqua, O., left immediately for that place.

Mrs. Ella Calaman, G. W. C. C. of the courts of Calamane of the State of Ohio organized and will initiate in the near future a court in Yellow Springs, Ohio.

Many of the students who are attending school at Wilberforce from this city are at home this week on account of the coal shortage at the college.

Mrs. Grace Roberts of East Main street spent Saturday and Sunday in Columbus, the guest of her daughter, Miss Lucy.

Wilber Baber of South Columbus street continues ill of pneumonia.

Mrs. E. J. Ewell and Mr. Ed. Grey of Springfield, spent Saturday and Sunday in Milford, O., the guest of Mr. and Mrs. Chas. Campbell.

Dr. J. H. Peters of Danville, Ky., is in the city on a visit with the Peters family.

INFANT CHILD DIES THURSDAY

Lawrence Elwood, infant son of Mr. and Mrs. Charles A. Mangan of the Jamestown pike, died at 9 o'clock Thursday morning of pneumonia following measles. He had been ill for a week.

The baby was born October 3, 1918. One other child survives, John Kenneth, aged 4 years. Funeral services will be held at 8:30 Saturday at the home two miles from Xenia, and at 9 o'clock at St. Brigid's church.

COURT NEWS

The will of Mrs. Elizabeth Lytle, disposing of an estate of which the estimated value is \$42,000, \$35,000

personality and \$7,000 realty, has been admitted to probate.

By the terms of the will, James Watt of Chicago is given in fee simple, the Lytle homestead on East Main street, and all the household goods and furnishings. Ralph Witherspoon is left 20 shares of Xenia National Bank stock, during his lifetime, and John V. Lytle is given \$1000. The residue of the estate the will directs is to be divided share and share alike between Kenneth Watt and Bessie Watt Benson, children of James Watt. Kenneth Watt is also bequeathed the twenty shares of bank stock at the death of Ralph Witherspoon. The will was executed in 1910, and a codicil making slight changes added in 1916.

The court appointed John A. Nisbet, D. W. Cherry and D. B. Watt, appraisers of the estate.

By the will of Alex C. Kyle, the widow, Sarah J. Kyle is given a life estate in the property, and the privilege of selling any of the property she may wish. At her death the estate is to go to the Board of Missions of the United Presbyterian church.

M. J. Hartley has been appointed administrator with the will annexed of Hatfield Parkville.

The \$6000 estate left by William Ault who died in Yellow Springs, is involved in the action contesting the will of Mr. Ault, which is being tried in common pleas court. Edward Ault, a brother of the testator is the plaintiff, and Mrs. Alice Loe, a sister and chief legatee at whose home Mr. Ault died, is the defendant. The case opened Wednesday and will probably consume three days for trial. Counsel for the plaintiff are Marcus Shoup and Harry D. Smith. Attorney C. L. Darlington and Charles Bogie are representing the defendant.

Announcement is made of an interesting engagement, that of Miss Julia R. Galloway of Xenia, to Mr. Edward E. Olds of Toledo. Miss Galloway, who has a charming apartment in The Roanoke, has been for the last eight years on the staff of the West-

ern Christian Advocate and has written prose and verse that attracted attention to her literary ability. Mr. Olds, who was with the 135th Field artillery overseas, is a former Cincinnati. He is active in musical circles in Toledo, a member of the Toledo Orpheus society, and has a beautiful tenor voice, which was heard at the Clifton Presbyterian church in Cincinnati, Sunday, when he was the guest of his fiancée. The wedding will take place June 29, at the Clifton Presbyterian church.

HEADGEAR'S MADE TO PROTECT BOXER WHILE TRAINING

How the headgear looks on Battling Levinsky.

Philadelphia Jack O'Brien has invented a novel headgear to be worn by boxers during training or by gymnasium enthusiasts to protect their features from injury. The headgear is constructed of heavy canvas and felt with aluminum caps for the ears. Battling Levinsky, shown above with one of the new devices on, has hopes of getting a match with Georges Carpentier when he arrives in this country.

FORMER GREENE COUNTIAN DIES

Mrs. Margaret Beal Hickman, widow of James G. Hickman, died Thursday at her home in Columbus. The funeral services will be held at 10:30 Saturday morning at the undertaking parlors of R. M. Neeld, Xenia, and interment will be in Woodland cemetery. Mrs. Hickman lived many years in the Caesarscreek neighborhood, and for a time in this city. She is survived by one daughter, Mrs. D. B. Cockerel of Columbus.

COUGHED SO HARD HE WAS READY TO DIE

But he recovered quickly and gained 9 pounds in 5 weeks.

"Last December I caught a heavy cold, which left me with a deep-seated cough. I coughed so hard it would start the blood. I thought I was a goner, until I tried Milks Emulsion. I used 9 bottles altogether. My cough is gone, and I have gained nine pounds in five weeks. If anyone doubts it, let them write me."

Chas. L. Walters, 147 So. 18th St., Pittsburgh, Pa.

When hundreds upon hundreds of people tell you of just such recovery, just such gains in weight, it must be worth your trying, at least. A trial costs nothing. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physies. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

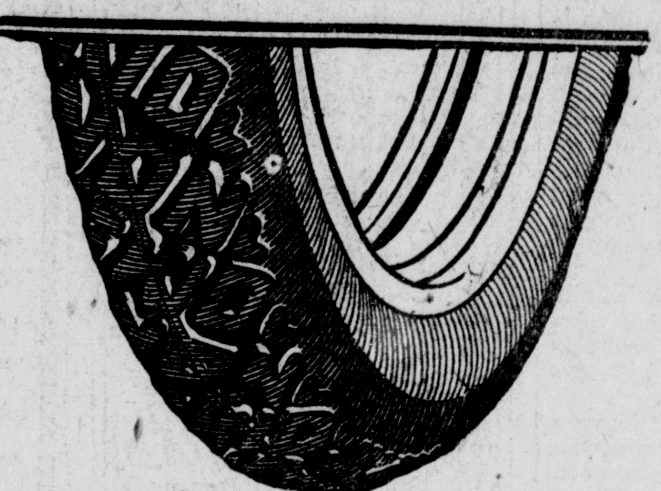

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

The Minister Never Fails You

Every officer of the Government with a war message to deliver appealed to the ministers first of all.

But 80% of the ministers receive less income than government economists figure as a minimum for the support of an average family.

When hospitals need money they enlist the support of the ministers—and receive it.

But when sickness visits the minister or the members of his family they must be treated in a charity ward. His pay is less than a day laborer's.

We Pay Him Half the Wages of a Mechanic

8 out of every 10 ministers receive less than \$20 a week—about half the pay of a mechanic. And of these pitifully inadequate salaries, how much do you contribute? Nothing if you are outside the church; an average of less than 3c a day if you are a church member.

All of us share in the benefits of Christian ministers to the community. They marry us; bury us; baptize our children; visit us when we are sick. In their hands is the spiritual training of the youth.

We Are All Profiteers at Their Expense

Part of the Interchurch World program is this—a living wage for every minister of Jesus Christ; an efficient plant and a chance to do a big man's job.

If you want better preachers, help to pay the preachers better. It's the best investment for your community—and for your children—that you can make.

EAST END NEWS

Mrs. Anna Gurley who lives on Hall street was taken ill Sabbath in church and is still in a critical condition.

Mrs. William Jones, east of this city on the Jamestown pike, received intelligence yesterday that her sister who lives in Dowagiac, Mich., was critically ill. Her mother, Mrs. Clark who lives in Piqua, O., left immediately for that place.

Mrs. Ella Calaman, G. W. C. of the courts of Calamane of the State of Ohio organized and will initiate in the near future a court in Yellow Springs, Ohio.

Many of the students who are attending school at Wilberforce from this city are at home this week on account of the coal shortage at the college.

Mrs. Grace Roberts of East Main street, spent Saturday and Sunday in Columbus, the guest of her daughter, Miss Lucy.

Wilber Baber of South Columbus street, continues ill of pneumonia.

Mrs. E. J. Ewell and Mr. Ed. Grey of Springfield, spent Saturday and Sunday in Milford, O., the guest of Mr. and Mrs. Chas. Campbell.

Dr. J. H. Peters of Danville, Ky., is in the city on a visit with the Peters family.

INFANT CHILD DIES THURSDAY

Lawrence Elwood, infant son of Mr. and Mrs. Charles A. Mangan of the Jamestown pike, died at 9 o'clock Thursday morning of pneumonia following measles. He had been ill for a week.

The baby was born October 3, 1918. One other child survives, John Kenneth, aged 4 years. Funeral services will be held at 8:30 Saturday at the home two miles from Xenia, and at 9 o'clock at St. Bridget's church.

COURT NEWS

The will of Mrs. Elizabeth Lytle, disposing of an estate of which the estimated value is \$42,000, \$35,000

personality and \$7,000 realty, has been admitted to probate.

By the terms of the will, James Watt of Chicago is given in fee simple, the Lytle homestead on East Main street, and all the household goods and furnishings. Ralph Witherspoon is left 20 shares of Xenia National Bank stock, during his lifetime, and John V. Lytle is given \$1000. The residue of the estate the will directs is to be divided share and share alike between Kenneth Watt and Bessie Watt Benson, children of James Watt. Kenneth Watt is also bequeathed the twenty shares of bank stock at the death of Ralph Witherspoon. The will was executed in 1910, and a codicil making slight changes added in 1916.

The court appointed John A. Nisbet, D. W. Cherry and D. B. Watt, appraisers of the estate.

By the will of Alex C. Kyle, the widow, Sarah J. Kyle is given a life estate in the property, and the privilege of selling any of the property she may wish. At her death the estate is to go to the Board of Missions of the United Presbyterian church.

M. J. Hartley has been appointed administrator with the will annexed of Hattie Parkhill.

The \$6000 estate left by William Ault who died in Yellow Springs is involved in the action contesting the will of Mr. Ault, which is being tried in common pleas court.

Edward Ault, a brother of the testator is the plaintiff, and Mrs. Alice Loe, a sister and chief legatee at whose home Mr. Ault died, is the defendant. The case opened Wednesday and will probably consume three days for trial. Counsel for the plaintiff are Marcus Shoup and Harry D. Smith. Attorney C. L. Darlington and Charles Bogle are representing the defendant.

Announcement is made of an interesting engagement, that of Miss Julia R. Galloway of Xenia, to Mr. Edward E. Olds of Toledo. Miss Galloway, who has a charming apartment in The Roanoke, has been for the last eight years on the staff of the West-

ern Christian Advocate and has written prose and verse that attracted attention to her literary ability. Mr. Olds, who was with the 135th Field artillery overseas, is a former Cincinnati. He is active in musical circles in Toledo, a member of the Toledo Orpheus society, and has a beautiful tenor voice, which was heard at the Clifton Presbyterian church in Cincinnati, Sunday, when he was the guest of his fiancée. The wedding will take place June 29, at the Clifton Presbyterian church.

HEADGEAR'S MADE TO PROTECT BOXER WHILE TRAINING

How the headgear looks on Battling Levinsky.

Philadelphia Jack O'Brien has invented a novel headgear to be worn by boxers during training or by gymnasium enthusiasts to protect their features from injury. The headgear is constructed of heavy canvas and felt with aluminum caps for the ears. Battling Levinsky, shown above with one of the new devices on, has hopes of getting a match with George Carpentier when he arrives in this country.

FORMER GREENE COUNTIAN DIES

Mrs. Margaret Beal Hickman, widow of James G. Hickman, died Thursday at her home in Columbus. The funeral services will be held at 10:30 Saturday morning at the undertaking parlors of R. M. Neeld, Xenia, and interment will be in Woodland cemetery. Mrs. Hickman lived many years in the Caesarcreek neighborhood, and for a time in this city. She is survived by one daughter, Mrs. D. B. Cockerel of Columbus.

COUGHED SO HARD HE WAS READY TO DIE

But he recovered quickly and gained 9 pounds in five weeks.

"Last December I caught a heavy cold, which left me with a deep-seated cough. I coughed so hard it would start the blood. I thought I was a goner, until I tried Milks Emulsion. I used 9 bottles altogether. My cough is gone, and I have gained nine pounds in five weeks. If anyone doubts it, let them write me."

—Chas. L. Walters, 147 So. 18th St., Pittsburgh, Pa.

When hundreds upon hundreds of people tell you of just such recovery, just such gains in weight, it must be worth your trying, at least. A trial costs nothing.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

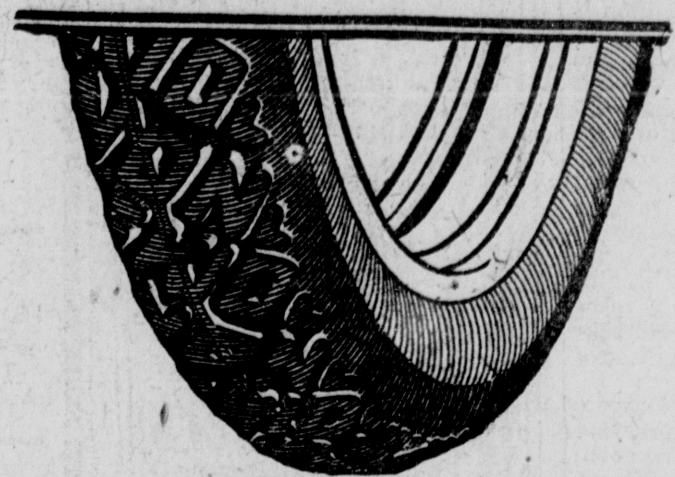

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Sayre & Hemphill.

To 60% of America's Car Owners

YOU who use 3 1/2 inch tires constitute more than half the tire buyers of the world.

To build this special molded 3 1/2 in. tire, a \$7,000,000 factory was built and a special organization brought together.

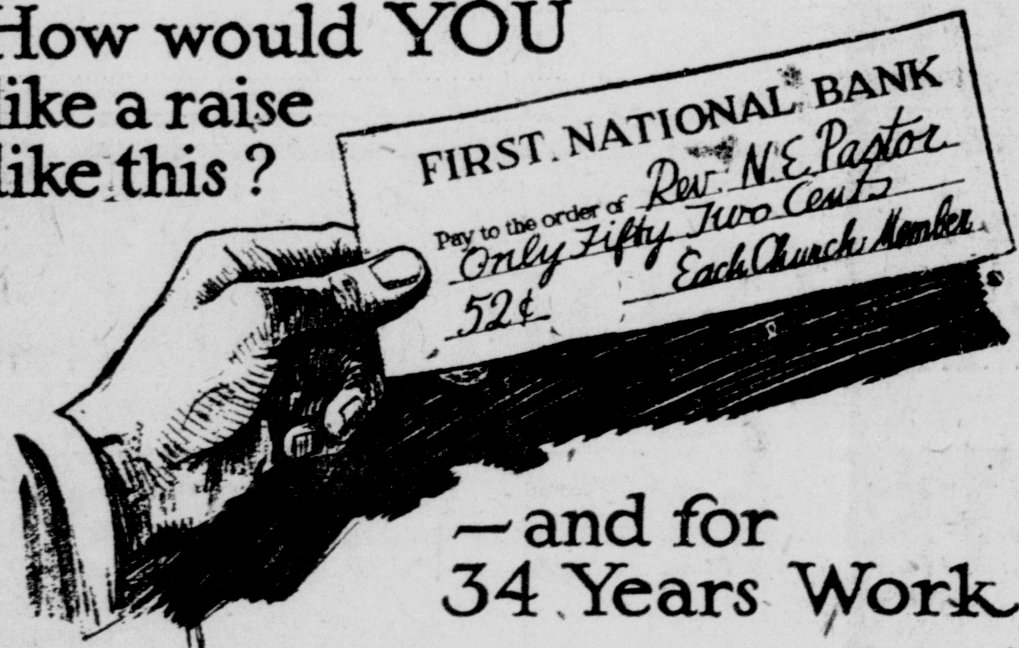

Most miles per dollar is a Firestone pledge, to the big car owner as well as to the owners of light cars. See the new Standard Over-size Firestone Cord.

Firestone Plant No. 2, making this one size only, has a capacity of 16,000 tires a day.

This quantity production means savings for the car owner—lowest costs and better tire values.

How would YOU like a raise like this?

—and for 34 Years Work

THAT is the kind of increase in salary the minister has received. His living expenses have risen just as fast and as far as yours.

But he is paid on the average just 52 cents more per church member than he was paid 34 years ago.

STOP YOUR COUGH WITH GLANDO PINE

A Pleasant and Reliable Remedy That Contains No Nar-
cotic or Habit Forming Drug.

Glando Pine is a wonderful cough
medicine, because it acts so pleas-
antly and quickly. It relieves al-
kinds of throat irritations, stops a
cough and opens up the air passages.
It will relieve the spasmodic cough-
ing in whooping cough. It tastes
well, and children like to take it.
Public speakers find Glando Pine to
be just what they need to strengthen
the throat and keep the voice clear.
It is a safe, sane, honest and reliable
remedy that can be prepared at
home, at a saving of about \$2.00 a
pint. All you have to do is to mix
it with enough syrup or strained
honey to make a pint and you have
a reliable cough medicine that the
whole family can use. It will keep
in any climate. If you need a cough
medicine be sure you get GLANDO
PINE. Don't allow a cheap, inferior
substitute to be forced upon you.
Glando Pine is guaranteed. Give it a
thorough trial, and if it does not
please you your money will be cheer-
fully refunded. Regular price for
Glando Pine is 50 cents. Ask your
druggist, if he does not have it he
can get it for you, or it will be sent
direct by the Glando-Aid Co., Fort
Wayne, Ind.

ROCKEFELLER GIVES FOUR MILLIONS TO CHURCH MOVEMENT

New York, April 29—John D. Rock-
efeller, Jr., today added a gift of
\$4,000,000 in the name of his mother
to the New World Movement of
Northern Baptists. The oil magnate
previously contributed a personal gift
of \$2,000,000. The larger sum is
given in the name of the Laura Spell-
man Rockefeller memorial fund.

The \$4,000,000 gift is half outright
and half conditional. The first con-
ditional million is credited to the
movement when it reaches \$62,500,000
and the second when the fund totals
\$87,500,000. The Baptists have
raised \$22,500,000 to date for a sur-
vey of mission needs.

Could Not Eat or Sleep

Vinol, our Cod Liver and Iron Tonic, gave him appetite and felt like different man.

Ruston, La. — "I am a working man and get all run down so I could not eat, sleep or work. Vinol was recommended for my condition. It built me up so I eat well, sleep well, can work all day long and not feel tired. In fact, I feel like a different man since I took it." — JOHN H. WILSON.

"Men fret and worry." That's why they overwork, get nervous, all run down, have no appetite, and can "hardly drag around." Vinol creates a hearty appetite, induces sound sleep, invigorates the nerves, creates strength and quiets the nerves. It is the beef and cod liver peptones contained in Vinol aided by iron and glycerophosphates which makes it such a famous blood maker, nerve builder and strength creator. byterian church.

Dr. Prouditt says that he believes the capacity of the auditorium according to the architects' plan is inadequate, and that if it is possible to recraft the plan so as to give more seating space, without increasing the cost, that this should be done.

"The seating capacity of the auditorium is only 731, and I think that a space sufficient to accommodate 1500 is necessary, in order to fill community needs," said Dr. Prouditt Thursday.

"The growing needs of the community and increase of community work necessitate a place for public gatherings sufficient to accommodate large crowds of persons. The seating capacity of the present arrangements would be about taken up by the high school student body, leaving little space for anybody else," said Dr. Prouditt.

"I have spoken to several persons, including a member of the board of education concerning the plan of increasing the capacity of the auditorium, and all were favorably providing it could be done within the bond issue. I am a member of the Chamber of Commerce, and intend to place the proposition before that body, and ask that its support be given the idea," said Dr. Prouditt.

NOTICE

To Whom It May Concern: Notice is hereby given that on Wednesday the 28th day of April, 1920, at a meeting of all classes of the Stockholders of THE HOOVEN AND ALLISON COMPANY, held at the office of said company in Xenia, Ohio, it was by a vote of the holders of more than three-fifths of the capital stock of the Company and of the holders of more than three-fifths of each class of the stock of the Company, voting separately, and with the written assent of the holders of more than two-thirds in amount of the outstanding preferred stock and of the holders of the outstanding preferred stock, Series "B" of the Company,

Resolved, that the Articles of Incorporation of THE HOOVEN AND ALLISON COMPANY be and the same are hereby amended by striking out of said articles Paragraph Fourth thereof and by inserting in place thereof the following language:

"FOURTH. The capital stock of said corporation shall be Six Million Dollars (\$6,000,000.00) divided into sixty thousand shares of One Hundred Dollars (\$100.00) each, of which twenty thousand (\$2,000,000.00) shares shall be Common Stock and forty thousand (\$4,000,000.00) shares shall be First Preferred Stock, the terms and provisions of which First Preferred Stock are as follows:

The holders of the first preferred capital stock shall be entitled to receive and the company shall, as and when declared by the Board of Directors, pay out of the surplus earnings of the company, in preference to and in priority over, any dividend on the common stock, a fixed yearly cumulative dividend on such first preferred stock, at the rate of seven per centum (7 per cent) per annum, but no more, payable quarterly on the first day of March, June, September and December of each year, from and after the date of issue of such first preferred stock; such dividends shall be cumulative so that any deficiency in the dividend to be paid upon the first preferred stock shall be made good out of the earnings of subsequent years, and before any dividend shall be paid on the common stock; but the

first preferred stock shall not be entitled to any dividend in excess of such per centum (7 per cent) per annum, and the arrears thereof, and shall not participate any further in the profits of the company. The holders of the first preferred stock shall have no voting powers.

The term "first preferred stock" or "first preferred capital stock" shall ever used in this certificate means, unless otherwise stated, the first preferred capital stock of the issue authorized by this certificate.

In case of liquidation or dissolution or winding up of the company, or a sale of all its assets, whether voluntary or involuntary, or in event of its dissolution or liquidation or winding up of its capital, then before any amount shall be paid to the holders of the common stock, the holders of the first preferred stock shall be entitled to be paid the par value of their shares and all dividends in arrears and unpaid thereon, but shall not participate any further in the distribution of the assets of the company.

The company may redeem this stock in whole or in part upon thirty (30) days' notice mailed to the address of the holders as shown on the books of the company, at any dividend period after January 1, 1922, at one hundred and five per centum (105 per cent) of the par value and accrued dividends. On the date fixed for redemption in any such notice, the company shall pay the redemption price thereof, and the respective certificates evidencing the same at the place of redemption. If any stockholder, whose stock or any portion thereof, is so called for redemption, shall not present on the date and at the place fixed in such notice, such portion of his stock as shall be so called, shall thereafter cease to bear dividends.

If the company shall at any time or times decide to redeem this stock in part only, as above provided, the selection of shares for redemption shall be by lot, and shall be accomplished by placing together the names of all holders of outstanding shares of first preferred stock of this issue, with the number of the shares held set forth in the name of the holder, and then names shall be drawn singly in the presence of witnesses in such manner as may be provided by the Board of Directors. The certificate of stock standing in each name thus drawn shall be called for redemption before any other name is drawn.

In which the company calls first preferred stock for redemption, it shall give notice to each stockholder, whose stock is to be redeemed, of the time and place of redemption, and the amount of stock to be redeemed, and the redemption price thereof, by registered letter deposited in some postoffice in the United States, postage prepaid, at least thirty (30) days prior to the dividend date upon which stock is to be redeemed, which letter shall be addressed to such stockholder at his address appearing on the books of the company.

The company shall not mortgage or otherwise encumber its lands, buildings, fixtures, furniture or machinery, or make or deliver any instrument in writing purporting to do so. Provided, however, the company may give purchase money mortgage for additional real estate, plant or machinery and be it further

RESOLVED that, subject to the

rights of the holders of the outstanding Preferred Stock and Preferred Stock Series "B" of THE HOOVEN AND ALLISON COMPANY, the Certificate of Increase of Capital Stock of said Company, filed in the office of the Secretary of State of Ohio, on the 24th day of May, 1907, and recorded in the Records of Incorporations in said office, Vol. 117, p. 60, be and it is, hereby, amended by striking out of the same the following language relating to the Preferred Stock:

"That the holders thereof be entitled to receive dividend on said preferred stock of five per cent per annum, payable quarterly out of the surplus profits of the company for each year in preference to all other stockholders, and such dividends shall be cumulative.

"Such preferred stock may be redeemed at not less than par at the time and price hereby fixed, and be also expressed in the stock certificates thereof; to-wit: At par on or after the first day of June, 1912. The holders of such preferred stock shall have no voting power."

and by inserting in place thereof the provision as to Preferred Stock hereinbefore provided to be inserted in the Articles of Incorporation of said Company, and that the Certificate of Increase of Capital Stock of said Company filed in the office of the Secretary of State, on the 7th day of October, 1916, and recorded in the Records of Incorporations in said office, Vol. 200, p. 465, be amended by striking out of the same the following language relating to the Preferred Stock, Series "B" therein provided for:

"That the holders thereof be entitled to receive a dividend on said preferred stock of seven per cent per annum, payable quarterly out of the surplus profits of the company for each year, in preference to all other stockholders and such dividends shall be cumulative.

"Such preferred stock may be redeemed at not less than par at the time and price hereby fixed, and to be also expressed in the stock certificates thereof; to-wit: The holders of preferred stock, series "B" are entitled to receive, and the Company is bound to pay from its surplus or net profits, a fixed yearly cumulative dividend of seven per cent (7 per cent) and no more, payable quarterly on the first days of March, June, September and December, before any dividend shall be paid or set apart on the common stock. Preferred stock shall have no voting power."

On distribution of assets the holders of referred stock shall be entitled to the payment of its par value and the amount of any cumulative dividends then unpaid, but to no other dividends or payment.

All preferred stock hereafter issued or re-issued, shall be uniform with the above as to dividends, preferences, preferences, redemption and payment, except on written assent of the holders of at least two-thirds in amount of the outstanding preferred stock of the Company. The company may redeem this stock in whole or in part, upon thirty days' notice mailed to the address of the holders as shown on the books of the company, at any dividend period after January 1, 1918, at One Hundred and Five Dollars (\$105.00) per share, plus any dividends due and after the date of redemption follow: such notice, funds being provided therefor, dividends shall not accrue or be payable upon any shares designated for redemption.

In the year 1917, and in each year thereafter, before any dividends are

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS
A MODERN STORY OF HOME AND BUSINESS

TELLING ROBERT

Chapter 116

We all know that most of the objections against a woman continuing to work after her marriage, are founded upon prejudice and pride—the world-old idea that a wife must be a clinging vine to the public, even if she takes in washings to do at home. A young man thinks it reflects upon him not to support his wife in supposed idleness, even if that support is of the meagerest.

Of times the girl is partly to blame. She fears that people will think she has not "married well," that she has not bettered herself, or that her choice of a husband has been a mistake, if she continues in shop or office.

Skimping, going without what they might enjoy did both work, does not tend to make happiness.

Then, too, most women who have been in any sort of business long enough to make themselves felt, to prove ability in their particular line, regret giving up their work. They may not say so at first, but after a time too much leisure falls upon them. Then they may have been accustomed to the excitement of feeling they were necessary, one of the spokes in the wheel of some business. They become bored and lonesome. Things had gone unusually well at the store, and he had thoroughly enjoyed his dinner.

"Fire away, dear."

"Robert, I want to work for Madame Leets." Then without giving him time to reply, I went on and explained how I had lost my knack by seeing nothing worth studying and that I felt sure I could make him

make it a difficult problem. But even so, if a wife can earn more than it costs to hire a nurse, why not have someone who is capable, and go on helping Tom, Dick or Harry?

Jane, Betty and I used to talk about this subject by the hour. While their husbands were doing well, earning good salaries, they had not been increased in the proportion that expenses had increased. The girls felt just as I did, although both had given into their husband's wishes in the matter. Now they also decided to help. Their children kept them from taking positions, but Jane registered as a substitute teacher, and Betty did copying for a fiction writer, so helping out considerably.

The month passed swiftly and happily. I found it no harder than the house to house work, and had soon regained all my lost ability. I had plenty of time for my home, kept it spotless, and Robert happy. Naturally, had we lived in a large house, even in a large apartment, I could not have done as well. But people on small salaries have no business with large expensive apartments or houses.

"I want to talk to you, dear," I said one night after dinner. Robert was in a particularly good humor. Things had gone unusually well at the store, and he had thoroughly enjoyed his dinner.

"Fire away, dear."

"Robert, I want to work for Madame Leets." Then without giving him time to reply, I went on and explained how I had lost my knack by seeing nothing worth studying and that I felt sure I could make him

just as happy as I did now."

"Haven't I proved, Robert, that a woman can make a home and still earn money?"

"When she is a sort of a free lance, yes." He was very serious. "But if you were working for her it would be very different. She would demand all your time—then where would I come in?"

"So you don't want me to take it? She would give me \$50 a week. And Robert, food, clothes, everything is costing so much more. I feel wicked to allow you to pay for everything when I could help—and love to."

"I'd rather live on bread and milk than go back to the old regime. Whenever I think of Madame Leets and the boarding house, I have a chill!"

"Have you been happy this last month?" I asked abruptly.

"Indeed I have," he replied heartily. "That's why I cannot bear to think of your going back to steady hours in some shop. I may be selfish, Gerry, I guess I am. But when we are so comfortable, so happy in this little nest, why won't you forget all about shops and making money? Do what you like at odd times, but don't take a position," he begged me.

"You say you have been happy this last month? Have you noticed any difference in it from those preceding months?" I insisted.

"No, unless this has been the best of all. I grow better all the time, Gerry."

"Well, dear, I have been working for Madame Leets just a month today."

paid on the common stock, there shall be set apart, from the surplus or net earnings of the Company, a sinking fund for the redemption of preferred stock equal to at least two per cent (2 per cent) of the outstanding preferred stock. Said sinking fund may be used by order of the Board of Directors, after January 1st, 1918, for the redemption by purchase at par, of any preferred stock offered to the Company, that first offered being purchased and redeemed.

When said sinking fund equals or exceeds a sum sufficient to redeem twenty per cent (20 per cent) of the outstanding preferred stock at One

Hundred and Five Dollars (\$105.00) per share thirty (30) days notice of intention to redeem shall be sent preferred stockholders, and twenty per cent (20 per cent) of the preferred stock shall thereupon be redeemed at One Hundred and Five Dollars (\$105.00) per share.

Dividends shall accrue on stock only from the date of the issue of the original certificate representing said stock and by inserting in place thereof the Preferred Stock provisions hereinbefore provided to be inserted in the Articles of Incorporation of said Company, and

Resolved that the President and Secretary of the Company be and they are hereby instructed to publish notice of this amendment provided by law, and to file with the Secretary of the State of Ohio a certificate thereof.
